Bus service — school hours concern delegations

Two delegations were on hand to make presentations of matters of concern to the St. Albert Protestant Separate School District No. 6 at the board meeting held at Sir Alexander Mackenzie School on Wednesday, September 26, 1974.

Mrs. Greta Zahara represented a group protesting the discontinuation of the school bus service provided to children living in the Goodridge Road area. Last year the students were bused but in the current year the service had been withdrawn on the grounds that they did not qualify for busing. Mrs. Zahara said that her group were concerned that the students have to cross the road at peak traffic hours. She was concerned that there were no sidewalks or street lights on their route across Gervais or Hebert Road, and felt that this placed a considerable burden on the parents. She implied that the service last year established a precedent.

Board members explained that an error had been made last year. The students were not entitled to busing and should not have been picked up. Mr. Charlie Schroder, chairman, requested the administrative staff to investigate the matter and report to the board. If the service were reinstated and charges occurred, Mr. Schroder felt the cost would have to be borne either by the parents concerned or the district as a whole.

Mrs. Margaret Smith presented a brief on behalf of concerned parents in connection with the changing of the school hours at Lorne, Akins, Leo Nickerson and Sir Alexander Mackenzie schools, which now commence classes at 8:30 a.m. The parents consider that 8:30 a.m. starting is too early, especially for the grades 1 and 2, and they were perturbed that it will be dark and traffic will be heavy at this time during the winter months. Mrs. Smith explained to the board that the 11 a.m. lunch break is a particular problem to working parents - many cannot return hom to supervise the childrens' lunch during this period. Parents who do stay home are also adversely affected, in that the period between store opening hours and the childrens' early lunch break leaves little time for shopping. Mrs. Smith further explained that the earlier closing at 3 p.m. creates additional hardships for working parents who use high school students to baby-sit immediately after school. The high school students are not released until 3:30 p.m., while the younger children return home at 3 p.m.

Mr. Schroder asked Mrs. Smith if she knew the number of working parents who returned home at noon.

Mrs. Smith said that she did not but, if necessary, could obtain the figure.

Mr. Elmer Gish, superintendent, explained that the

Continued on page 2.

Neil Ross was cruising up and down Perron street Friday afternoon and we thought maybe Toby was loose and liable for a big fine. Not so - he spotted these two charming young people and it turned out they were visitors from England in town to have supper with the Rosses. Ann Langdon is the daughter of family friends in London and with her is Keith Weller. The young people have been working at Banff for the summer and were enroute for a visit to Ottawa and Montreal before returning to the old country.

Museum attracts people around the world to St. Albert

Madrid, Vienna, Mexico City, Hong Kong! Poland, Australia, Norway, India, Tanzania, Argentina! A jet-setters itinerary? No! Just a few of the places that follow signatures in the guest book at the Father Lacombe Museum. All provinces in Canada and the Northwest Territories, and 24 states including Hawaii are also recorded.

Approximately 6,000 people toured the Museum during the summer months indicating yet another successful season. The St. Albert Historical Society for the first time, were able to staff the museum for the two summer months, thanks to a substantial grant from the town. Miss Jennie Maloney and Miss Wynn Lyndon, both local girls were on hand at the Museum to act as hostesses and guides for the many visitors and from the many favourable comments recorded, their services were greatly appreciated.

Off-season hours at the Museum are now in effect. The museum will be opened weekends: Saturday 9 a.m. to 6 p.m. and Sunday 12 a.m. to 6 p.m. School or special tours through the week can be arranged by calling Mrs. Lucie Hermans at 459-6809 or Mrs. Arlene Borgstede at 459-8601.

A lot of bickering but nothing specific on town's proposed regional shopping centre

Nothing specific about a proposed regional shopping centre to bolster St. Albert's present facilities emerged from a meeting in the Club Mocombo Tuesday night.

"The meeting," pointed out the Chairman, former Mayor of St. Albert Dick Fowler, "was not called for pot shots at council or anybody else, council called the meeting as part of a series to receive your input." Mr. Fowler added there would be no debate on specific sites, the meeting was an input affair so that council could receive information on what the shopping centre was all about and reach a conclusion from the in-put.

About 50 persons attended the meeting and the next in the series of three meetings will be held in the first week of November.

Mr. Fowler said that if people wanted to present the issue about the site for the proposed new regional shopping centre, then the best way to do it would be to mention it at the coming election forums in St. Albert

A panel of three, senior administrator for the Town of St. Albert Robert Byron, town planner Wayne Gordon and a private consultant John Slatter were on hand to field questions from those at the meeting.

Before question and answer period Mr. Gordon pointed out that there were three main areas which people should look at when considering the site for the proposed development. These were physical, economic and social factors.

The main points which seemed to catch the interest of the public during the meeting were: *if the regional centre was going to be 300,00 square feet in area, then what would the developers do about buffering traffic. For instance could traffic be diverted in or out of the facility by a cloverleaf system on Highway Two? (The present Grandin Mall facility covers an area of 100,000 square feet).

*The concept of the neighbourhood shopping centre as opposed to mammoth regional shopping centres was raised and it was felt by one member of the public that perhaps St. Albert might be better served by the smal-

THURS. OCT. 10 - Public Forum to hear Trustee Candidates of both District #3 - 7:30 - 9 p.m. and District #6 - 9 - 10:30 p.m. at the Purple Dude. Sponsored by A.T.A. Local No. 66.

Council calls for reports on pool and arena

Council received a report from Town Administrator, Robert Byron, on Sept. 23 which outlined the financing costs on an arena and swimming pool.

When the matter came up for discussion, Coun. Fyfe moved that Council agree in principal with the construction of an Olympic sized swimming pool, stating that if the Town was to undertake the expense of constructing an indoor pool that it would be just as well to go "whole hog" and construct a facility which would be of greater use to the commun-

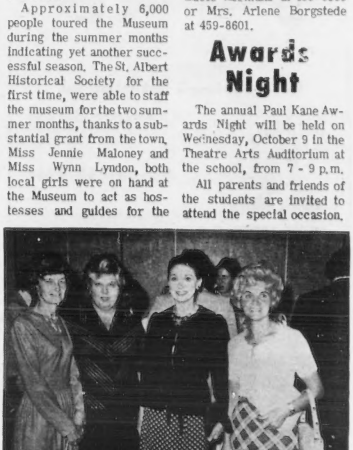
Awards Night

The annual Paul Kane Awards Night will be held on Wednesday, October 9 in the Theatre Arts Auditorium at the school, from 7 - 9 p.m.

All parents and friends of the students are invited to attend the special occasion.



Mrs. Gladys Smith, St. Albert School of Dancing seen right of picture, alongside Dame Margot Fonteyn at the Government reception held for the Prima Ballerina and the New London Ballet Company, last Friday night at the Edmonton Plaza Hotel. The other ladies are Mrs. Thelma New and Mrs. Eileen Dodds.

concerns delegations

Continued from page 1.

problem of school hours has come about as a result of the district changing from a single-run bus system to a two-run system. He pointed out that three years ago, District No. 3 had gone on to a system where the buses ran at three different times, which was the most economical way to provide this service. District No. 6 had been fortunate to maintain the one-run system until this fall. Mr. Gish realized that the new school hours interfered with existing family patterns but the administration was faced with an urgent problem and had to act accordingly. To add to the district's problem, a letter was recently received from the Town of St. Albert advising the board that bus passes for the approximately 60 students attending school in Edmonton would no longer be valid. The District was therefore faced with supplying an additional bus for students taking special courses in Edmonton.

A question raised from the floor asked how much would it cost and how many buses would be needed to revert to a single-run bus system.

An answer from the board was not readily available although it was thought that an additional five or six buses might be required.

Mr. Schroder suggested that a questionnaire be sent to residents so that the board could evaluate the points of view and try to find a solution.

Another idea discussed by the board at the meeting concerned the portable classrooms for the new core school. Mr. Schroder asked if there was any word on the portables and had they yet been tendered for.

Mr. Hargreaves replied that the core school tenders would be opened on October 4, 1974.

Mr. Don Munro asked why the portables had not already been put out to tender.

Mr. Hargreaves explained that the plans had not arrived from the architect, Mr. Jack Gardiner, and that the delay rests with the architects office.

Continued from page 1.

ler type of development.

*Another point was that if there was going to be a regional centre in the town, then it should also function as a centre for recreation as well as a service point. It was thought the centre would house an ice rink such as the speaker had seen in Portland, Oregon, as well as a closed-in theatre which St. Albert at present lacked.

*Because the regional centre would increase the tax base one member of the public, after the meeting thought it would make for cheaper recreation anyway; however it was also pointed out during the meeting that the town would probably have to make a charge for people who wanted to use recreation facilities in the centre.

*There was some debate over where the centre should be placed i.e. north or south of the town. It was pointed out St. Albert already had a shopping centre south of the river. What was needed was a centre north of the Sturgeon which would service the people at the north end of the town as well as those in the MD.

Another major point which emerged from the meeting was the specific benefits such a centre would have for taxpayers in the town.

The total assessment for the Town of St. Albert is $42 million and the proposed centre would add $2 1/2 million to the total assessment. With a 40 per cent mill rate applied to this, there would be an added revenue of $96,000 flowing into town coffers.

There were complaints during the meeting that St. Albert was not a good shopping centre and that most people found the need to go to Edmonton to buy specialized items of merchandise.

One or two individuals took the floor during the evening and at least 12 gave their opinions about the regional shopping centre. One St. Albert resident thought it would be a good thing if council sent a questionnaire to all town dwellers for further in-put on the shopping centre question.

There will be two further meetings and two developers Abbey-Glen and Darene National will make their proposals at the first meeting, the developers for the Shapiro site and an "x" site at the second meeting. Both meetings are expected to be in November.

shopping centre

pool and arena

Continued from page 1.

ity. Coun. Throndson echoed her opinion and also stated that the cost may well prove to be close to that of another size. The Mayor and Coun. Lukay both stated that they felt that there could be further exploration of this matter. Coun. Fyfe then moved that the motion be that council agree in principal with the construction of a covered pool. The motion passed 4 to 0. Coun. Hudson, de Bruijn, and Bakker were absent.

Discussion continued on the subject of an arena and Mayor Gibbon moved that an arena be considered for construction in the Town of St. Albert. He added in clarification that he did not want to see another "cheapskate" facility being constructed and that it should be investigated on the same basis as the swimming pool. The vote on this motion was 3 in favour and 1 opposed (Coun. Lukay voted against).

Coun. Fyfe introduced a motion which stated that staff investigate suitable sites for the construction of a swimming pool and arena. Coun. Lukay stated that he would prefer to have the motion read that staff prepare a report giving alternatives for sites and financing schemes for an arena and swimming pool. Council voted 4 to 0 in favour of this motion.

Tourist Association plans convention

The second annual convention of the Midnight Twilight Tourist Association is being held October 26 and 27 at Westlock Town Hall, when the special guest of the Association will be the Hon. Hugh Horner, Deputy Premier and Minister of Agriculture.

Registration will be taken Friday evening at the Westlock Inn or Saturday morning at Town Hall, and President Milt Lawrence will deliver the opening address to the convention at 8:25 a.m. Saturday morning session will include welcoming addresses, Manager Gary Johnson's report and the report of Treasurer, Harry Hutchings of St. Albert, plus written area reports, and seven committee reports including Henry Bonneville of St. Albert, on publicity.

Mr. Ted Sample, executive director of the Yellowhead Interprovincial Highway Association will be the luncheon speaker Saturday. In the afternoon a report from the Travel Industry Association of Alberta will be given by Marjorie Zingle, co-ordinator, to be followed by the annual meeting at 3 p.m. Dinner speaker is Mr. Ben Ginter of Tartan Breweries. A social and dance is planned for Saturday evening.

New business and election of officers takes place Sunday morning and a luncheon sponsored by the Westlock Chamber of Commerce will conclude the agenda.

A nostalgic trip

"That's Entertainment" is a movie about movies that takes you on a nostalgic trip through the past 50 years of musicals produced in the MGM studios. Of course it touches on only the most popular and most successful hits but it does give a good description of how MGM developed the musical from the chorus-line dance routine to the ultra-spectacular productions of today. "That's Entertainment" is nothing more than a commentary on MGM musicals consisting of clippings from old movies and narration by stars who played in them.

People such as Bing Crosby, Frank Sinatra, Liza Minelli, Gene Kelly, Fred Astaire, Mickey Rooney and many more describe personal experiences and fond memories related to the excerpts shown and the actors and actresses involved in them.

Judy Garland is probably the most notable and although she starred in many musicals, "Meet Me In St. Louis" and "The Harvey Girls" for example, she is best known for her leading role in "The Wizard of Oz." This was the turning point in her career; it was the most important movie of her life.

Gene Kelly, a very expressive dancer whose style is similar to that in West Side Story, was also the star of many MGM musicals, "American in Paris" and the famous "Singing in the Rain" were two clippings shown in "That's Entertainment." He also co-starred with another dancer in many movies, Fred Astaire. Astaire was an inventive dancer, always trying to find more intricate, elaborate and unusual ways to display his talent.

Although "That's Entertainment" is interesting for people of all ages, it is primarily aimed at the "over 30" crowd. The sense of nostalgia which it tried to create is almost totally lost on younger people. These are not the stars of their generation, but of their parents' generation, and they cannot truly relate to them. Whether or not "That's Entertainment" is entertaining depends on your involvement and interest in the movies and stars of yesteryear.

Local banker named ICB Fellow

Mr. John Grave, manager of the St. Albert branch of the Royal Bank of Canada has been named a Fellow of the Institute of Canadian Bankers, the educational arm of the Canadian Bankers' Association. Mr. Grave was one of 287 bankers to achieve Fellowship status through 46 participating universities in Canada in the 1973-74 academic year.

The Fellowship course consists of 10 subjects, each requiring about 60 hours of lectures, with supplementary reading and study in addition to the student's normal business activity. Letters of Accomplishment are presented to students successfully completing Part 1; the title "Associate" is conferred following Part 11. A student becomes a "Fellow" of the Institute (FICB) on completion of Part 111. The banking course at the University of Alberta was conducted by Prof. R. R. Fary of the Department of Extension.

John and his wife Maureen were guests of the ICB at a Graduation Dinner held Friday evening in the Edmonton Plaza Hotel at which University of Alberta representatives and head officials from banking institutions in the province were present. Mr. Grave received his Fellowship certificate from the District Supervisor of the Royal Bank, Mr. Bill Yule.

The certificate represents seven years of hard work, said Mr. Grave, and in fact more years than that when I add the years spent in England qualifying for my English Associate Exams. He added that he was fortunate that he had the support of his wife throughout those years, which involved many evenings of study at home.

The program was instituted in 1967 to train men and women for managerial responsibility in today's complex banking system.

All in all it was quite a week for Mr. Grave, whose branch officially opened new premises on Perron street the previous Monday.

to the Editor

Now it's happened

The Editor:

Well, it's finally happened hasn't it! For sometime now there have been those unreasonable plan ahead type people who have been critical of the current Town of St. Albert Administration, for their dedicated, devoted and time consuming attention to such pressing items as snowmobile regulations or bylaws.

These same unreasonable people have, possibly been heard to remark, (through their frustrated windmill tilting, no doubt) that "the current administration is, "to use the industrial vernacular, composed to a large degree, of manure." Of course, this is heresay!

And now it's happened, hasn't it? Our far sighted, dynamic, concerned, and who can but remember all the election campaign ploys used to become elected officials and place themselves at the Towns disposal.

That's it of course, that's what I've been leading up to, "disposal."

This "small" Town, small country Town, that our Administration has played about with, has finally and predicability outgrown it's britches, or perhaps more correctly, "filled its britches."

How is it possible that the sanitation facilities for a Community developing as rapidly as St. Albert are so inadequate? Why has this obvious high priority item continued to be satisfied by a hamlet lagoon. Now of course the obvious has occurred, (to reverse a sound, economic principle) the supply has put a strain on the demand.

Not knowing all the facts here, that is to say, the rational as to why this sanitation problem has gone unattended for years, one can only conclude that the Department of the Environment must have been "nosing" around when they discovered the marvelous setup we have here.

And, once the problem has been identified, our Senior Government in close accord with the local authorities are to be commended for their rapid and thoughtful action.

"Pump out the lagoon, drain it into the Sturgeon, pass it along to Gibbons!"

"Hold it!" Gibbons uses the Sturgeon for their drinking water!" Right! "Tell them to fill their Reservoir, then we'll do it."

Considerate - far reaching, good in-depth environmental thinking.

R. W. Thomson,
Ridgewood Terrace.

Guild facilities crowded

The Editor:

Four hundred and fifty people are registered in Art and Crafts Guild classes this fall, but a hundred more have their names on waiting lists and countless others were turned down who didn't sign a waiting list. If you are one who stood in line to register at the Arts and Crafts Fair, but who still missed getting into a class you wanted to take, it may not make you feel any better to know that lots of others didn't get into classes too, but it may help you to understand that the Arts and Crafts Guild is faced with the same problem as other organizations in St. Albert -- the population of the town is growing faster than the Guild's facilities. The Fair this year was a huge success, the displays of students' work a testiment to the high calibre of classes the Guild is offering. But as the popularity of the classes increases each year, the Guild's facilities are pushed to the limits; this year we are working to capacity at the Centre, with ceramics classes being held twice every day and the kilns running full tilt.

The St. Albert Arts and Crafts Guild is a volunteer organization, run by an elected board and aided by the Town to the extent that the Guild operates in a Town owned building and supplies for childrens and teens classes are provided by the Town. The board works hard to provide the residents of St. Albert with a well-rounded facility for developing creative talent; but if it is to grow to meet the needs of a fast growing population, it needs recognition and support from that population and the Town's elected Council. The Arts and Crafts Guild needs more room -- and when it gets it, those of you who stood in line and still missed out this year can be accommodated.

Kathy Mills,
St. Albert Arts
& Crafts Guild.

Double Standard

It is not too long ago that our Town Council voted a bylaw in banning all promotional signs in the Town of St. Albert (such as along the highway). It is remarkable to note that some of the members are now in the process of decorating the highways and byways of St. Albert with their own promotional signs re the coming election.

I hope that this is not an indication of the thinking of our proposed members of council where they think a double standard should exist in this Town - one for them and one for us. My only comment is "What's good for the goose is good for the gander."

Don Bradley,
Lacombe Park.

Dick Plain

The rapid growth experienced by St. Albert during the last three years has occurred under the "Growth for Growth's Sake" policies promoted by the present mayor. All of the residents of this community have experienced the costs involved in the policy marriage between "Piecemeal Planning" and "Runaway Growth." Events such as water rationing, the deterioration in the quantity and quality of services; increased traffic congestion; the breakdown of co-operative relationships with provincial and municipal governments and the general unwillingness to listen courteously to the citizen's concerns, ideas and requests for information - all these conditions clearly indicate that the town is, and has been experiencing a major leadership crisis.

The solution to this crisis is in the hands of the electorate.

I strongly believe that the new council should: (1) Immediately initiate the first of the meetings required to obtain the resident's views with respect to the desired rate of growth and size of community they wish developed over the next five years. (2) Set deadlines for shopping centre developers to produce detailed analyses of their sites and insist that all of the facts must be presented to the public before any decision is made, and (3) re-establish co-operative relationships with the MD of Sturgeon and the Government of Alberta, so that meaningful discussions can be undertaken with respect to the establishment of: (a) an industrial park in the MD on a tax sharing basis; (b) alternate traffic routes into Edmonton; (c) the green zone between the Town and Edmonton; (d) the cost sharing agreements for capital expenditure in the recreation area; (f) the development of a park in the Sturgeon River Valley and (g) new economic criteria for funding conditional grant programs.

There are a number of other points which I hope to discuss with you during the next two weeks.

Ray Gibbon

One question put to me several times during the past week concerns my political aspirations in areas other than municipal politics. "As mayor, would I then seek another policital office at the time of the next provincial election?" My definite and unqualified answer has been, and will continue to be NO.

Service to the citizens of St. Albert really requires more time than can be imagined. It would be unfair to you, to my family and really, to myself to attempt to serve two masters.

I'd like to comment on two other issues of this campaign: Regional Shopping Centre and Light Industrial Park.

There's no question about the need for a regional shopping centre, but the question is really the location. That's for you to decide, not just the mayor and council. There will be several public meetings on this matter (one was held last night) and that's where the input to decision begins.

It's really the same with a Light Industrial Park. The question is location and size. Council has already made its decision on the wisdom of a park that would feature warehousing and light assembly plants -- in other words, something comparable to the Bonaventure Industrial Park.

There's no doubt both projects will aid in the development of major recreational projects that are already planned and will be established within the next year. The shopping centre and light industrial park relieves you of much of the tax burden that's required to pay for these recreational facilities.

I again thank the Gazette for this space provided during the election campaign.

Candidates for Town Council Express Their Views

Charles Schroder

Co-operation and trust. Many problems facing St. Albert cannot be solved by Council alone. These can only be solved through mutual co-operation with other government authorities, especially the Provincial Government.

The following is taken directly from an article entitled "M.L.A. reports on Council-Ministers meeting - (August 28/74). "Mr. Dave Russell stated that he was 'absolutely shocked at the irresponsible manner in which the mayor and council directed their administration to surcharge a 10 per cent collection fee and withhold and spend the provincial school foundation portion and school (supplementary) requisition portion from homes under construction in 1972 and 1973."

Taking advantage of this loophole did save some money for the taxpayers of St. Albert. But what kind of reception does our council receive from the government when, for example, they request special assistance and grants to relieve the present transportation problems?

It only makes sense to be honest and open and co-operative when dealing with the provincial government, and try to work with them in solving our problems. Can we continue to afford a council whose relationships with the provincial government and the local MLA are characterized by a lack of trust and co-operation? I think not.

The best indicator of what a candidate will do for you is what he has done in the past. During the past eight years that I have served you as a school trustee and chairman of the board, I have continually endeavoured to work with people in a spirit of trust and co-operation. While this is not always easy, it is definitely in the best interests of the electorate.

If elected to Council I will continue to serve you in this manner.

C.F.Keyes

Once again the Gazette has offered space to all candidates to allow us an opportunity to express our views and I am very grateful for this generous gesture.

As I read over the comments of the other new candidates in last week's paper, a purely negative attitude toward the town as it is and toward the present Mayor and Council was glaringly obvious, and I think this is unfortunate because I genuinely believe there are so many positive factors to be considered.

First of all my family and I feel that St. Albert is a good town in which to live. Of course we have our problems but these are not insurmountable. I am asking the voters of our town to give me the opportunity to serve in meeting these problems since I feel confident that I am well able to contribute toward their solutions.

Secondly, I cannot subscribe to the innuendos of my fellow candidates that the incumbents are totally uncaring or incompetent. On the contrary, it seems to me that our Mayor and Councillors are conscientious and sincere and have been responsible for many good decisions, although I am aware of a number of instances in which I believe they have erred. To me it seems that some "new blood" is needed. I believe sincerely that I have qualifications to provide a more analytical and objective approach in making future decisions.

It is my hope that the people of St. Albert will see fit to allow me to offer my talents and abilities in helping to make our town an even better place for all of us.

Myrna Fyfe

Those who feel that a seat on council entitles them to control the future of St. Albert fail to understand the restrictions placed by the Provincial Government on the authority of municipal officials. For instance, the location and pattern of the Ring Road, the proposed green belt area and the question of annexation are important decisions that directly affect the town. I have attended at least five meetings over the past few months with various members of the Provincial Cabinet. At all times, those of us representing the Town of St. Albert have expressed a very strong desire to remain independent of the City of Edmonton. We are very willing to co-operate with the Province in their philosophy that services such as transit systems must be provided on a regional basis. It is much less expensive to have a single transportation system than each municipality provide their own, with additional capital and administrative costs.

I would like to see a maximum rate of growth that the town could expand to in any one year. Since we are a dormitory town, growth cannot be completely stopped if we want to resist annexation to Edmonton. I would like to see the town take a stronger position in any future annexation hearings, not just by expressing the difficulties in providing utilities, but also the dilemma faced by the town in assimilating such large numbers of people in a short period of time.

My appreciation goes to the Gazette for this opportunity to express my views in these two editions.

Barry Breadner

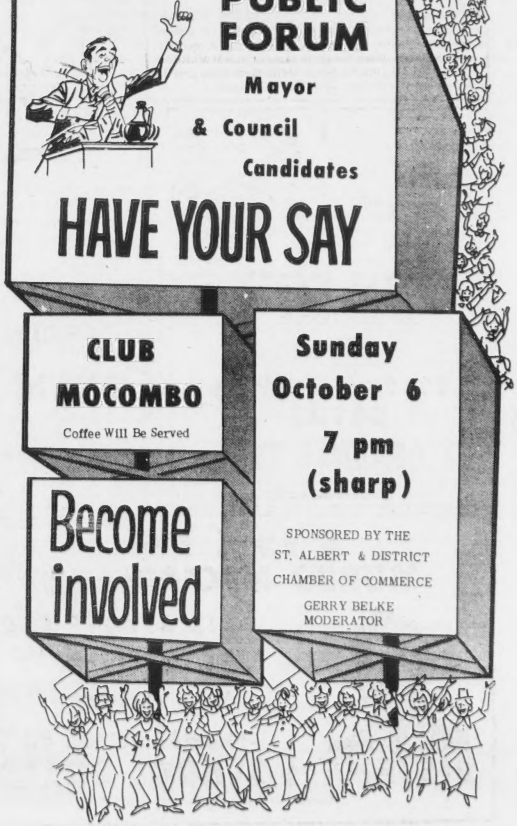
A growth policy for the town should reflect majority opinion. This opinion might best be determined by a properly structured survey. Don't be swayed by those who say you can't control growth. The only real obstacle to controlled growth is the will of Council.

Servicing, recreational, and traffic problems now facing the town stem from a lack of planning. Unrestrained residential growth has been permitted while ignoring the complimentary need for roads, recreational and civic facilities. I support good planning which would consider the total package, with complimentary facilities being phased in at specific growth stages. Planning means you act before the situation reaches crisis proportions.

True "light industry" in the town is acceptable provided it is properly buffered, and truck access routes are not through residential districts. The other alternative is a shared industrial park in the M.D. of Sturgeon. I am against parachuting industrial and shopping sites next door to unsuspecting residential neighborhoods.

I support development of a good listening attitude by council, so it stays in touch with civic events and opinions.

Most Council candidates are saying the right things. (i.e. planning, recreational facilities etc.) Therefore, in making your choice you must attempt to assess which candidates will deliver on their promises. Your support on election day will give me the opportunity to convert PLATFORM PROPOSALS INTO RESULTS.



Candidates for Town Council Express Their Views

Bob Hudson

On the basis of comments made by various candidates, one might have the impression that the existing council has not taken steps toward a general plan.

The electorate should be informed that a town planning department was formed in 1973. They are working on a general plan, but that cannot be accomplished in a few months. Prior to the formation of this department, your council took a long look at having consultants do a general plan. Even the consultants, with expertise at their beck and call, estimated a two year time period to produce such a document. So why didn't we hire a consultant in lieu of our own planning department? Because planning is a forever requirement. Any general plan must be reviewed and updated on a regular basis. If we went the consultant route, we would have had to engage them at regular intervals, for review purposes, at considerable expense. Rest assured that the town planning is in the hands of a capable staff.

The other suggestion is that growth should have been stopped until the general plan was completed. Or are they saying, it should have been reduced? If that's what your candidates are saying, let's ask them at what rate should growth continue during the formation of a general plan. Eight per cent; 10 per cent; 12 per cent; maybe 3.4 per cent; that's nice number. If you receive an answer to those questions, perhaps you could ask how they arrived at their magic number. I believe that close consultation with the town's planning department and administration is necessary before arbitrary decisions are made. Perhaps your candidate will clarify whether he or she is prepared to make these decisions as a politician, without staff consultation to determine the repercussions.

Common sense decisions without pressure group influence is what I promise if re-elected for a third term. Thank you for your support.

Jim Sanborne

Council needs better business sense, more common sense and less indecision. The Town compares to a large business concern and at present it is being directed poorly. And like a company is responsible to its shareholders; Council should be more responsive and responsible to the people of St. Albert.

Growth is the single most often mentioned campaign issue. Growth cannot and must not be stopped but let the Town grow with reason, with plan. Why does growth continue when we do not have adequate services to accommodate this expansion? I believe that people are neighbourly and friendly enough to help their neighbours and friends but I do not believe that they should be imposed upon. Need I bring up water rationing and reduced road maintenance. I interpret this forced sharing as subsidization of developers. Let's think, plan, and grow.

Access to Edmonton is another major problem. The greatest percentage of the people of St. Albert work in the City. St. Albert has doubled in population in the past three years and has anybody given any thought to new routes into the City? Did present council think the mysterious ring road would be the answer? This proposed road has been planned and replanned for the past 10 years or more and yet no firm proposition. Even if it should become reality, it is to be a ring road about Edmonton. Where will construction begin - Sherwood Park, South Edmonton, West Edmonton, or maybe North Edmonton to benefit St. Albert?

The new Regional Shopping Centre I oppose without further thought. This centre would also serve Northwest Edmonton with shoppers travelling on the St. Albert Trail. Do we need this added traffic? I oppose the "Shapiro" site as well and will explain my stand.

I could go on but space is limited. I do blame the present council for the happenings of the past three years. I hope that I can become part of the change I feel is necessary for the future.

Garry Wetsch

Where are we going? The Town of St. Albert is fast changing - but is it for the good? I believe that the majority of our citizens are deeply concerned over our rapid growth. We are losing our identity as the good community where families can enjoy the best in schools, in parks, and in recreational facilities. It is time that the Town Council adjust its priorities - the people of St. Albert first, then expansion.

Firstly, the Sturgeon Valley with its numerous ravines provides us with a natural setting for an extensive park system. Edmonton has just received $35 million in provincial assistance for new parks. I believe that with provincial funding, the council must ensure that each subdivision receive a park area complete with recreational and picnic facilities.

I believe the real problem confronting St. Albert is the lack of recreational facilities for people of all ages and interests. This lack forces us to travel miles to watch a movie or participate in a sporting or other recreational activity. I believe St. Albert requires a cultural centre which will provide a wide range of activities such as theatres, sports facilities, and other entertainment services. The net result will be one large complex where a family can spend an entire day. Imagine a place where a family can go and find something for everyone! And, best of all, within minutes of home. I believe such a cultural centre can be built in the downtown core.

How can we afford it? For every dollar the town provides the province should match it. In addition, we can lease space to businesses which will provide revenue as well as stores and restaurants for the public. Finally, the many local service clubs can be encouraged to participate. This will be a community effort and it will be available to all members of the community. An exciting prospect, which I will endeavour to make a reality if elected to council.

Margaret Smith

Significant changes in St. Albert come about through re-zoning and development agreements. Public hearings are compulsory for re-zoning, and are usually the final opportunity for public input concerning a development. Too often, public participation is hamperd by insufficient information. For example, in March, Council refused for almost two hours to divulge to residents attending a public hearing that the proposed "Light Industrial" re-zoning was for Syncrude. Finally, refusing requests for a week's delay on their decision, and ignoring indications of overwhelming opposition to the proposed development, Council voted 6-1 in favor of re-zoning without giving a single reason for it decision.

If elected, I will work for an open Council, which sets issues clearly before the residents during or prior to decision-making. I will strive for a responsive and responsible civic government.

Everyone seems to realize the need for an indoor swimming pool. Two years ago, it was a priority request of many participants in the Charette. Three years ago, Paul Kane High School was planned with sewer and water connections for a pool, and the Separate School Board has requested one each year since. Last week, Council voted to study the feasibility of a pool.

Even present recreational facilities may be removed by our present Council before replacements have been planned. If downtown redevelopmnt had gone ahead, it would have necessitated the removal of the arena. I believe that planning for major recreational facilities must be done immediately to provide them at the lowest possible cost to residents.

Town of St. Albert

Public Notice of Vote on Question

Notice is hereby given that a vote of the electors will be held on the question of electors support of non-polluting light industry locating within the limits of the Town of St. Albert.

The voting will take place on Wednesday, the 16th day of October, 1974, from 10 o'clock in the forenoon to 8 o'clock in the evening.

Polls will be situated in the following locations:

Town Hall Annex
Sir George Simpson School
Albert Lacombe School
Grandin Clubhouse
Community Hall
Father Jan School
Hospital and Youville Home
St. Albert High School
Sir Alexander Mackenzie School
Lorne Akins School
Paul Kane High School
Leo Nickerson School
St. Vital School

Electors wishing to attend the polling places as agents for or against the question, and at the summing up of the votes may receive the necessary appointment for this purpose at the office of the Mayor at 4:00 p.m. on Wednesday, October 9, 1974.

Votes will be summed up at the office of the Town Clerk, Town Hall, on Friday, October 18, 1974 at 12 noon.

R. B. BOWEN,
Returning Officer.

I certify that the above summary is a correct statement of the question that is to be submitted to a vote.

R. B. BOWEN,
Returning Officer.

Candidates for Town Council Express Their Views

Frank Lukey

As Town Councillor, I feel that my duties are to help formulate sound policies based on facts and recommendations from administration. Unfortunately I have found that council tends to rush into decisions without adequate background and proper planning.

For the last three years I have constantly urged council to halt the rapid growth in order that dangerous overloading of services could be avoided. Unfortunately my warnings were ignored and now the Town finds itself in having to construct a new waterline under duress. What is perhaps more annoying is that the new water supply line and water agreement will not adequately take care of our water needs, even at the cost of 4 million dollars.

The new water agreement will provide for a total of 1950 g.p.m. supply while our average daily consumption last spring was about 1800 g.p.m. Thus there is very little allowance for the residents that have moved in since last spring and those that will occupy homes presently under construction or will be in the development areas.

I believe that until the aspect of Planned and Controlled Growth is properly resolved, (i.e. drastically needed services such as water supply, sewerage and roads between the Town and the City, are adequately resolved), that the Town should not enter into any additional development agreements for residential development.

I believe my training and experience greatly enhances my ability to serve you on council.

I am a professional engineer and I have seven full years of engineering experience relating to industry and consulting, followed by 11 years of consulting and instructional experience. I have served on council since 1968, and during that time have served on many committees. Presently I'm the Town rpresentative to the Edmonton Regional Planning Committee and to the Edmonton Regional Emergency Measures Organization. Within these organizations, I'm chairman of a special committee on ERPC that is studying and recommending on the new Planning Act. I'm also the chairman of the Edmonton Regional Emergency Measures Organization.

I am 42 years old, married and we have three children. We have resided in St. Albert since 1962.

As in the past, I sincerely commit myself to serve the residents of St. Albert to the best of my ability with one major objective "That all decisions of council are in the best interest for the residents of St. Albert."

John Bakker

Up to 1973 the planning for the Town was done directly by the Regional Planning Commission. Since 1973 the general planning is being done by the Town itself. While it is true that there is no ONE comprehensive document called a "General Plan," the plan of the Town is nevertheless there namely in: the outline plan, the zoning bylaw, reports from the planners on various areas, and such reports as exist on sewer, water and regional transportation. St. Albert is part of metropolitan Edmonton and its growth (if any) is dependent on what happens in the region. The population of the region can be predicted, but its individual parts cannot even be guestimated with accuracy and varies from year to year.

The growing pains of St. Albert are not due to lack of planning, but due to the rate of implementation of plans. We would like to see no shortage of materials, no shortage of labour, no inflation and lots of money to meet our desires. However remember part of the Town's plan was industry along the N.A.R., and that group which professes to support planning opposed that industry, not only discouraging its future feasability but also destroying the chance of a better tax base this year.

Talking of planning, if you planned to return the questionnaire, please do so before Sunday next and do plan to vote on October 16, 1974.

Rod Throndson

During the past two years I promoted and was successful in having a major recreation study carried out in St. Albert. This Parks and Recreation Master Plan 1974-80 was presented to council in Feb., 1974.

The initial recommendations of this report are being approved:

(a) The Parks and Recreation Department has been re-organized.

(b) A qualified Recreation Director has been hired.

(c) A new Parks and Recreation bylaw has been presented to council.

As the council representative on the advisory board of the recreation study, I realize that this is a good solid beginning, but the study is now complete and the action must now take place. The council must now implement the major recommendations of the Parks and Recreation Master Plan:

*formation of a working Parks and Recreation Board co-operating with a qualified Recreation Director

*building of a new indoor swimming pool and arena

*establishment of a walkway along the Sturgeon River

*improved arts and crafts facilities

*a planned recreation program which offers its citizens of all ages a diversified program of recreation.

As citizens of St. Albert we must be continually vigilant in the preservation and beautification of the Sturgeon River valley. As a council member, I have promoted more and better parkland along the Sturgeon River. I have fought any encroachment into the river parkland area. We must not desecrate this major natural feature of the Town of St. Albert.

If I am elected to council on October 16, I will continue to strive for improved parks and recreation servics.

John de Bruijn

As I request your support for re-election on October 16 I wish to place before you my views on Parks, Recreation and the future of the downtown core.

I'm sure everyone is in favour of more parks and the establishment of green belt or corridor between St. Albert and Edmonton. For the 11 plus years I have been on council I have supported resolutions and representations to the Provincial Government requesting them to establish policy for such green areas. To this date the Province has no policy so far as St. Albert is concerned I will continue to press the various bodies involved for the establishment of such a policy.

Our town needs a large park area. The present council has indicated the existing sewer lagoon site when phased out of use this winter could become this major park area. I strongly support this viewpoint) With some imagination this area because of its natural assets could easily be developed into a multi-use recreation and park facility. A couple of suggestions would be utilizing the existing excavations to create a stocked fish pond similar to the one in Mayfair Park in Edmonton, and the relocation of the rodeo grounds to a permanent site.

Now that the recreation study has been completed and received by council, a new recreation board can be appointed. One of the top priorities of the new board should be to recommend the construction of additional recreation facilities by the town. I think the two primary requirements are another arena and a year-round swimming pool.

I believe the town should develop the downtown area. The land available is limited, but would serve as an excellent site for cultural and recreational facilities as well as the government centre. By constructing the additional arena and swimming pool here you would maximize the use of the parking areas which would be necessary for the government offices. With creative thinking in th design of these buildings, rental areas could easily be provided for many of the smaller retail outlets. Some high density residential (apartments) could also be considered. This way we could insure proper treatment of the river and its banks.

I wish once again to thank the Gazette for providing me with the space to present my views to you.

THE LIQUOR LICENSING ACT
PUBLIC NOTICE OF APPLICATION FOR DINING LOUNGE LICENCE

Public notice is hereby given that Silver Lantern Restaurant Ltd., intends to apply to The Alberta Liquor Control Board for a Dining Lounge Licence to sell bear and wine by the glass for consumption on the following described premises:

SILVER LANTERN RESTAURANT LTD.
SILVER LANTERN RESTAURANT
#11 GRANDIN SHOPPING CENTRE, ST. ALBERT, ALBERTA. LOT 24U, 25, 29 and 30, BLOCK 1, PLAN NO. 6972 M.D. 2961 M.C. 709 T.R.

Objections to this application shall be made forthwith to The Alberta Liquor Control Board, Edmonton.

Dated at St. Albert, Alberta this 2nd day of October, 1974.

Silver Lantern Restaurant Ltd., Allan Der, President.

Get ready for winter with this 14 point winter tune-up package.

Now's the time to tune up and be one step ahead of 'Old Man Winter'. And this Winter Tune-Up Package from Gulf is just the way to do it. Parts and labour are included in the price and it's all covered under the Gulf dealer guarantee of 90 days or 4000 miles, whichever comes first. So don't be left out in the cold, make an appointment today.

Here's what we'll do:

1. Ignition system analysis.
2. Lubricate heat riser valve.
3. Supply and install new points and condenser.
4. Supply and install new spark plugs. (Resistor plugs extra.)
5. Adjust dwell angle and timing.
6. Adjust carburetor.
7. Inspect air cleaner element.
8. Examine positive crankcase ventilation valve.
9. Inspect all belts and hoses.
10. Test and service battery.
11. Check and record compression.
12. Examine rotor, distributor cap and high tension wires.
13. Test and record freezing point of radiator coolant.
14. Final ignition system analysis.

IS RAY GIBBON JUST THE MAYOR OF ST. ALBERT ?

No, he's a family man.

He's also a businessman.

He spends a lot of time not only on behalf of St. Albert citizens, but also for Albertans generally. But St. Albert has always been his priority.

On behalf of St. Albert, Ray Gibbon

* has served in public office since 1965 as councillor for three years and Mayor for six;

* served as a representative on the Edmonton Regional Planning Commission for four years

* makes time to attend meetings of Town Boards and Council committees;

* makes himself available...when a citizen calls, he attempts to solve the particular problem or explain Town policy.

On behalf of Albertans, Ray Gibbon

* is active in the Alberta Urban Municipalities Association, currently serving as 2nd Vice-President. He is called upon by other cities and towns for advice, just as he seeks theirs;

* is working with other municipalities around Edmonton on the issue of high water costs and the formation of a regional water board;

* is one of five representatives from urban, rural and school trustee associations on the Alberta Provincial-Municipal Finance Council which is charged with making recommendations to the provincial government on the proper changes to assessment and taxation for the overall benefit of the people of Alberta.

RAY GIBBON has a reputation of being fair, honest and forthright. Sometimes that hurts. But Ray is more concerned with doing what's right than with image.

RAY GIBBON is active, available and approachable on all matters concerning the citizens of St. Albert. Find out for yourself. Call him at 459-5253 or 459-7614

(inserted by the Gibbon Re-election Committee)

Armand Donais seeks hospital board seat

While Mr. Armand Donais is making his first bid for office on the Sturgeon General Hospital Board, he is no stranger to public affairs in St. Albert, having served as a Trustee for District 3, as town councillor and as a member of the Sturgeon Health Unit Board.

He is presently employed as Manager of Operations - Edmonton, with the firm of B.A.C.M. Development Corporation and has resided in St. Albert for the past 14 years.

The work of a trustee was probably more rewarding, said Mr. Donais, one reason being that the school board manages substantially larger budgets. Following his election in 1962 for a three year term, he chaired several committees, including the Buildings Committee, which was responsible for the construction of the St. Albert High and Albert Lacombe Elementary. While on the subject Mr. Donais said he has always been on record as favouring one integrated school district for St. Albert, for both cost savings and the better quality of education which could be realized.

He was first elected to Town Council in the spring of 1965, and re-elected in the fall of 1966, serving as councillor until 1969, when due to job pressures he chose not to run for re-election.

During this period, he chaired the swimming pool construction committee, which despite an extremely low budget, was able to build and put into operation the present facility. During that same period, he was appointed to the Sturgeon Health Unit Board, and served as vice-chairman of that body for three years. He was also involved, while on Council, in the negotiations between the M.D. of Sturgeon, the Provincial Government, and the Town regarding the establishment of the Sturgeon General Hospital including the location and construction.

Mr. Donais was a member of the original Parks and Recreation Board from 1961 to 1963. At that time he was President of the St. Albert Curling Club, a position he held for five years, during the very difficult times experienced by the club, and was instrumental in the final acquisition by the Town of this fine community facility. He is presently an Honorary Life Member of the Curling Club and very active in the on going successful administration of its affairs.

Mr. Donais is married and he and his wife Melody reside at 12 Bellevue Cres. with four of their seven children. Always interested in St. Albert affairs, he said he prefers to make his personal contribution to the community in the area of public service, and feels he could make a useful member of the hospital board.

The Town of St. Albert is represented by three members on the Board of Sturgeon General Hospital District #100, with a total board membership of eight. three from the Municipal District of Sturgeon, one from the Town of Morinville, one from the Village of Legal

For the first time this year the St. Albert members are being chosen by election. The other five members are appointed by the municipalities involved.

Royal welcomes public to opening ceremonies at beautiful building

Upwards of 200 people dropped in to the new Royal Bank building on Perron St., September 30 when an Open House opening was arranged by Manager John Grave, with well over 100 taking in the wine and cheese reception in the later afternoon. "We were pleased to welcome some of St. Albert's prominent citizens such as MLA Ernie Jamison and Shirley, Mayor Ray Gibbon and Eileen and quite a number of councillors and trustees, said Mr. Grave. During the lunch hour we were very popular with the new generation, he added, who helped take care of the doughnut supply.

Visitors were given a tour of the premises by members of the staff who received a host of compliments on the exceptionally attractive decor throughout the 3,300 square feet of office and staff space. An unusual feature is the full scale fireplace which is the focus of the customer waiting area. Effective use is made throughout of heavy textured wall papers in modern shades and designs which add both warmth and sophistication to the decor. Highfield Development Corporation did both the building and the interior decoration which was approved by head office of the Royal Bank in Montreal.

The building was erected two feet above street level to avoid spring flooding, a common occurrence in the area. "It was somewhat startling to find out when excavation was going on last spring that there was eight feet of horse manure under the top soil," commented Mr. Grave. Oldtimers will know that the site accommodated a livery stable for quite a number of years.

The new bank has full facilities, the most sophisticated and up to date available, including the burglar alarm system, and is probably the most modern commercial building in St. Albert right now. It is reputed to be the nicest bank premises in the province, according to what I have been told, said Mr. Grave.

We were looking to the future expansion in this particular location over a 20 year period, said the manager. The building is fully air conditioned, with large vault facilities including after hour depository, and storage and working areas to serve the expected expansion of the branch volume.

The present full time staff numbers seven, including the manager: Yvonne Turgeon, accountant; Lorraine Givens, assistant accountant; Marlene Krier, discount clerk, Ina Magnasson and Zona Walsh, tellers, and Vicki Ahronson, stenographer In addition there are four part-time tellers: Loretta Cady, Pamela Russell, Linda Skermer and Gerry Nice.

They all appreciated the visitors who called and helped them celebrate on opening day.

Photo shows part of the group assembled at 10 a.m. September 30 for the official ceremonies opening the new Royal Bank Building. Watching Mayor Gibbon cut the ribbon are Ernie Speake of the Kinsmen Club and small son (just the right size for the ribbon to blot out his face), Councillor Myrna Fyfe, Accountant Yvonne Turgeon, Stenographer Vicki Ahronson, Bill Gardiner of Standard General Construction, Councillor Rod Throndson and Peter Boyko also representing Standard General.

Canadian National Rodeo

The Edmonton Gardens will be the home of the first ever Canadian National Finals Rodeo to be held Nov. 4 - 9.

In conjunction with the Finals Rodeo, a queen competition will be staged. The contest will be open to you women, 18 - 24 years of age, Canadian of course. The young ladies will be judged on personality, horsemanship, appearance and must provide their own horse.

The entries will be accepted up to October 10 and from all entries received, five finalists will be chosen.

All young ladies will receive tickets to the Canadian Finals along with a certificate for participation in the competition.

Judges for the contest will be CFCW's Jim Brown; Exhibition Association Director, Lyall Roper; Alberta Quarter Horse Association President, Andy Matichuk.

October 12, th panel of judges will select five finalists who will participate in the Rodeo Finals at the Gardens.

Each night, the five finalists will be introduced at the Rodeo. The audience will have an opportunity to select their choice by indicating their preference on the ballot form provided in the program.

The grand winner will be chosen by allotting 50 per cent for audience participation and 50 per cent for the judges decision.

The lucky Queen will win a trip anywhere in Air Canada's World plus spending money donated by CFCW. All finalists will receive a weekend excursion via Air Canada to Vancouver.

Any young ladies meeting the above qualifications should forward their entries to Radio Station CFCW, co-sponsors of the Queen contest.

Trustee remuneration

In the light of the information carried in the Gazette which outlined remuneration accorded the Mayor and Councillors, interest has been shown in having the same type of information released on renumeration received by Trustees.

Mr. Elmer Gish, superintendent of District #6, reports that an amount of $400 will be awarded quarterly as an honorarium and expense allowance to each trustee in respect of Board meetings, committee meetings, and inter-jurisdictional meetings in the St. Albert and Edmonton area. The Chairman of the Board will receive an additional allowance of $135 quarterly. Allowances for trustees who are authorized by Board Resolutions to attend conventions and seminars are $60 per day, plus registration, in the greater Edmonton area, and $100 per day, plus approved transportation, in cases outside on the greater Edmonton area.

Mr. Chris McDonell, secretary-treasurer of District #3, informed the Gazette that each trustee receives a sum of $25 per meeting while the Chairman of the Board receives $35 per meeting. Mr. McDonell explained that trustees are covered for expenses at conventions as well.

New provincial aid - youth associations

A major program of financial assistance for the province's youth associations was announced Saturday by Culture, Youth and Recreation Minister Horst A. Schmid.

The Minister, speaking at an Air Cadet League of Canada banquet in Edmonton, said the program is aimed at assisting provincial youth associations in their work with young people.

Under the program, provincial associations will be able to apply for basic grants of up to $3,000 to help them with administrative and program costs.

Grants, to be matched by the provincial associations, of up to $17,000 will also be available under certain conditions.

Mr. Schmid paid tribute to the province's volunteers for youth organizations and their enthusiasm, and said the new program will remove obstacles from the path of their continuing work.

Among requirements of their work covered by the new program will be leadership training, publications, volunteer promotion and the hosting of provincial, regional and national meetings.

Breakfast Lions sponsor new club

The St. Albert Breakfast Lions have undertaken the sponsorship, and formation of a brand new Lions Club at Alberta Beach. Due to the efforts of Lions Doc W. Cuts, and Chuck Meurin of the Breakfast Lions, interested people at Alberta Beach were formed into a new Lions Club, which now boasts 51 members. Official presentation of their charter is to be October 4, at the Alberta Beach Pavilion, starting at 6:30 p.m. Tickets are $6 per person, and District Governor Russ Forsythe is to be present. All Lions are urged to mark the date on their social calendars.

The regular meeting of the Breakfast Lions on Tuesday, October 8, will feature two guest speakers, and will be held at a new location. Dr. David Stewart, who is a doctor of divinity, holds a law degree, and is also an insurance salesman, will speak; as well as Operation Eyesight Chairman Stan Cockroff.

The meeting will be held at the usual time of 6:45 a.m., but will be held in the St. Albert Community Hall, and NOTthe St. Albert Inn.

"And please stay tuned for my brother Sherman."

District 6 Trustees comment on issues

Don Munroe

Barbara and I have resided at 29 Greenwich Crescent in St. Albert for the past 11 years. As parents of four children, Michael, Tommy, Jill and Cameron, we have a real interest as parents and taxpayers, in municipal government and the educational system of this town.

St. Albert is presently at a critical stage in development. We are seeing a rapid increase in population, greater land development and more commercial development. It is essential that we stop and consider the necessity for long range planning of the total community. This naturally involves PLANNING IN EDUCATION, planning by the community to meet the needs of the community.

During the past few years many more provisions have been made for the community to become actively involved in the program and decision-making process of our schools. I firmly believe that this practice of utilizing the physical and human resources of the community must continue to expand insuring greater co-ordination of all social agencies. This promotes maximum use of all existing facilities and provides the most economical means of planning future development.

I sincerely feel that with my training and experience in the field of education, as well as my three years experience on the board, I can make a worthwhile contribution to the community as Trustee of St. Albert Separate School District No. 6.

M. MacFarlane

I wish to thank the Gazette for these opportunities to present some points to consider when voting on October 16 for school district #6.

I will deal with these on an urgent as well as a continuing basis if elected. Government allocation of building funds is an involved system based on a province wide concept of needs. This is inadequate on two counts; it is inadequate generally in Alberta, and specifically in St. Albert. In some older districts the system may work well, but in St. Albert it is ludicrous. Because of these policies and the ineffectiveness of the board, accommodation is now crowded - ancillary space is used for classrooms for example -- and larger classes are the result. This brings up another issue: the student-teacher ratio and the lack of frankness in dealing with it.

The stated ratio is not the same as the actual ratio within a class. Where the ratio implies that 21 students will be in a class, examination shows that 24 or 34 may be the actual number of students. Such misleading statements should not be made by a school board; they are in effect a cover up. The board must clearly show what are th conditions in St. Albert, and press vigorously for the required buildings and the needed staff.

K. Easson

My wife Lauretta and I, along with our five children, have seen tremendous changes take place in St. Albert since moving here in 1959.

During these years I have been asked on many occasions to run for various public offices. Unfortunately affairs did not permit me to take up the challenge, but changes take place and I now enlist your support in my effort to be elected a trustee for the Protestant Separate School District #6.

In any election related to public office, the incumbents by tradition, are usually expected to develop a platform - usually made up of promises. Promises to do this or that, when elected - promises which when elected often have to be broken.

In my platform, I only make one promise, and that is contained in these few words which form part of Wolf Cub Promise of the Boy Scouts Association of Canada:-

"I promise to do my best"

Yes - I am outspoken and concerned. Concerned with the rapid growth of our town and the demand placed upon our educational facilities. I am concerned about the demands put upon parents and children by our changing society and school system, the lack of teen-age facilities, the direction being taken by our children, overcrowded and inadequate recreational facilities, co-operation between school boards, town council and parents, organization, decision making and educational standards.

My concern is the rapidly changing times in which we live as it relates to the constantly changing demands upon our educational system, facilities, services, parents and children, giving rise to the need for trustees who are capable of:-

Making decisive and intelligent decisions; Being adaptable to changing decisions and conditions; Being prepared for tomorrow today; Listening to the opinions of others; Working hard for the betterment of St. Albert; Understanding.

Anyone wishing to offer support phone 459-3465 or 459-7804.

Dr. Cuts

A member of the school board of District #6 since 1959, I am once more seeking re-election for another term. My chief reason for so doing is a sincere belief that my past experience in dealing with the educational problems peculiar to Alberta's largest and fastest-growing town, and a maintenance of same continuity of board membership will prove invaluable to the supporters of this school system. If elected I shall endeavour to maintain, as in the past, a balance between acceptance of innovative ideas and retention of the traditional; between generous provision of funds and wise use of the taxpayer's dollar - always bearing in mind that the ultimate objective is to provide an excellent education for your children.

May I call the attention of more recent citizens of the town of St. Albert to a summary of my involvement in school and community affairs, which appears elsewhere in this edtion of the Gazette.

Since coming to St. Albert I have been a strong supporter of athletics and sports both in the schools and the community at large, and have for many years urged the building of a covered swimming pool. I believe that music, art, drama and industrial arts should be given greater priority than they have received in the past. I advocate universal kindergarten, not restricted to the few but provided for all children and supported by government as for any other school class. Joint use of school facilities has been instituted during my term and with my continued support, and liaison with other school boards is likewise part of my philosophy.

Although the present board is justly proud of its newly-completed Paul Kane High School, there still remain many unfinished projects (e.g. a school in Lacombe Park; addition to Paul Kane school including cafeteria and auxiliary gym; enlargement of administration building; policy of provision of school sites in new areas by developers).

I solicit your support not only to ensure the completion of these projects but to help provide the best in education for your children.

Bill Webber

I would like to begin by thanking the Gazette for providing this space to the candidates.

I believe the most pressing problem facing our school district has been the rapid growth in St. Albert. This has placed unusual pressures on classroom space, ancillary space and pupil transportation. These problems should be alleviated by September of 1975, with the construction of our Lacombe Park Core School scheduled to be completed by that time and recent approval on an addition to the Paul Kane High School. However, any growth in the Town, requires close consultation between Town Council and School Boards. If elected I will do my utmost to maintain these necessary lines of communication.

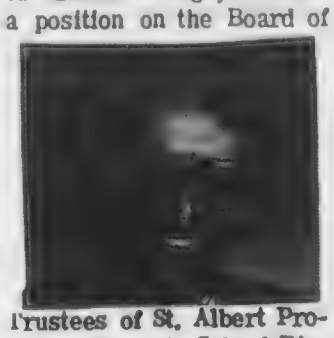
It is the responsibility of the trustees to have a continuing evaluation of both new and old programs to ensure that they meet the needs of our students today and in the future.

With the Department of Education now funding kindergarten programs which meet specific guidelines I believe our District should provide space and assist in coordination where possible. I am opposed, however, to District operated kindergartens which may ultimately lose parental involvement and evolve into an early grade one program.

If I am re-elected on October 16 I believe the experience I have gained as a Trustee in the past 20 months will enable me to serve you better in the coming three years.

E.D. Wynychuk

Mr. Ernie Wynychuk, of 52 Grandin Village, will seek a position on the Board of



Trustees of St. Albert Protestant Separate School District #6 in the October 16 election. Ernie, his wife Karin and their two sons Eric-Paul and Marcel moved to St. Albert in 1972.

Ernie was born and raised and educated in Edmonton. He received a Bachelor of Education from the University of Alberta and a Master of Education from the University of Oregon, specializing in curriculum and instruction.

Mr. Wynychuk has a wide range of experiences in various school systems and has served on several educational committees in an executive capacity. He is presently the past-president of the Edmonton Branch of the Canadian Association of Health, Physical Education and Recreation. For the past 20 years Mr. Wynychuk has been actively involved in Edmonton Public School football and track-field programs as a coach, official and executive.

While serving as guest lecturer on curriculum and instruction courses at the university he has had the opportunity to work and share new ideas with student teachers. Mr. Wynychuk has been the principal of H. A. Gray School in Edmonton for the last three years. This school encompasses kindergarten to grade nine and three levels of special education. He has had experience as a teacher and administrator in grades 1 - 12.

For three years he taught at Hemer Senior school in Germany with the Department of National Defense. During this time he served as the educational representative on the Hemer Community Council. He had the opportunity to travel widely in Europe and visited and observed many educational systems.

The main issues of his platform are communication, planning and priorities He believes that increased communication with the public, the business world and the teaching profession is needed in order to bring new ideas, new procedures and new points to light. It is essential that the school board be sensitive to the needs of the community.

Some of the programs Mr. Wynychuk supports are:

*A universal early childhood education program (kindergarten)

*Expansion of pupil personnel services with emphasis on services for children with learning disabilities and or social-emotional disorders.

*Construction of new schools in new residential areas.

*Continuation of the community-core school concept.

*An acceptable pupil-teacher ratio.

*Additional counsellors for the elementary level.

He believes that to maintain the highest standard of education possible a clear set of priorities is needed to facilitate future planning.

The rapid rate of growth of St. Albert in recent years has put a tremendous financial burden on the average taxpayer. It has become apparent that more assistance should be given by the province to alleviate this situation. It is one of the duties of a school board to make the government aware of the need for larger school grants

Mr. Wynychuk is a willing and active community worker, who will work toward the implementation of such programs necessary to develop the potential of each individual to the fullest.

S. McCaffery

During recent months the building of the new school in Lacombe Park has been delayed while the school board and the Department of Education haggled over planning details and costs. While negotiations were being completed the estimated total cost of the building rose from $719,000 to $998,000 - over a quarter of a million dollars! Just think how the board could have better spent that amount of money. It could have gone toward providing facilities for early childhood education, or toward hiring more staff for remedial work and counselling, or toward purchasing more library books or toward expanding the outdoor education program or . . . .

And the delay has been costly in other ways. Because of rapidly increasing enrollments and a serious lack of space, classrooms are overcrowded, programs are suffering, busing and lunch-hour problems are increasing, and the pupil-teacher ratio is already over what the board itself considers an acceptable level.

As a board member I would try to resolve some of these problems by minimizing delays in school construction thereby saving money and also making conditions better for both teaching and learning.

By attending the board meetings for the past 2 1/2 year and by being involved in community and school activities, I feel I have gained a good understanding of the educational needs in St. Albert.

I would like to have the board actively encourage parents, teachers and students to participate in educational decision making and I would like to hear your concerns. Please call 459-4360 or 459-8267.

District 3 Trustees comment on election

P. Freeman

The major issue of this election is growth -- how is St. Albert to develop in the future? Regardless of the results of the council and mayorality elections, the school board will need to deal with the rapid growth of St. Albert.

There may be certain advantages to size, however, good communication is not one of them. As the school population increases, impersonality is probably not far behind. It is essential that effective channels of communication between the school board, the schools and parents are established NOW before it is too late.

The rapid growth of St. Albert is already straining the existing facilities. Since provincial guidelines govern any expansion, it is important that the needs of St. Albert are kept before the provincial government.

The personnel of the schools are also under strain. Will we be able to maintain an adequate student-teacher ratio? Will we be able to provide adequate compensation to ensure the necessary quality, stability and expertise?

With all these pressures it will be difficult to maintain the existing program levels. Will our special education services be able to develop the programs necessary to provide ALL our children with the opportunity to develop their abilities?

Improved communication between school board, teachers and parents is not enough. As well parents and teachers have a shared responsibility for the education of our children. To me, this means that ways must be found for greater parental involvement in the development of education programs. We have a dedicated staff of teachers and administrators who deserve our support and assistance.

I would appreciate your support so that I can work in these areas on your behalf

B. Poulin

The reason that I am running as candidate for Catholic School Board is that I believe that the most valuable resource this country possesses is our children. Since my children are now of school age I wish to be active at the decision making level.

The issues that concern me include the following. The educational foundation fund allowance for high growth areas. Student population, such as in St. Albert, must be monitored more frequently. The textbook rental plan raises many questions. Are we not adequately taxed for the total school bill without such extras as textbook rentals? Or, do we require better public relations for the reason for textbook rentals. Current government restrictions on new school building cause many hardships. For example the loss of auxiliary classrooms and gymnasium space cause many programming restrictions. Teacher-pupil efficiency is reduced. Therefore the provincial government must reduce their building restrictions in high growth areas such as St. Albert.

I believe in compulsory and expanded physical education programs at all levels extended outdoor education programs, teacher inservice programs and an emphasis on the teaching of Christian values.

E. Lockert

I stand for quality education. From the outset of my campaign to win a position as a school board trustee, I have stressed this. St. Albert in many ways is as good a community or better than any other in the province. It has a well informed and forward-looking population. Situated as it is next to a thriving city there is no real reason why it cannot be a leader in civic and educational affairs. Allow me to say that in many ways our community affairs do have an excellent rating, however, we must strive for better results.

It is really not enough to speak about provincial averages in student grading when one speaks about quality education. A school is really a community within a larger community and such things as classroom overcrowding and time lags in the building program certainly hinder child development and thus affect the whole community structure.

How can quality education be achieved? From the viewpoint of a candidate for trustee, I believe we need planning, cooperation and perseverance. St. Albert is booming in young people. Planning cannot be taken lightly. Neither can cooperation be ignored. A candidate must always be objective and look to the greatest good. Certainly this is more important than seeking just private goals.

I am certain I can bring the aforementioned qualities to the Catholic School District No. 3. I look to your support. I can be contacted at 459-4720.

E. Howrish

By providing space for all school candidates, the Gazette is to be commended for assisting all voters with the difficult task of selecting individuals to the position of School Board Trustee. These are important decisions, since the school trustees will form the voter's representation on all operations of the school district for the next three years. The successful candidates will be participating in a wide variety of educational decisions at the level of establishing the policies and priorities of the school district. For these reasons it is very important that the selection of candidates be made upon individuals who have sincere commitments to education, and can make valuable contributions according their responsibility for the total education program of all the children in the district.

It is my opinion that the past three years have been successful years for St. Albert School District #3. The educational program which has been provided is worthy of pride for all teachers, administrators and all school district personnel.

At the level of the School Trustees, a good relationship was maintained with some new ideas and procedures, along with practices previously established. A few of the priorities which I feel were emphasized during the past few years were such things as provisions for children with learning disabilities; an attempt to maintain low class enrolments; provisions for adequate instructional materials and equipment for all classes; and the building project of a new school in the Braeside area.

I request the support of Catholic ratepayers for the further opportunity to be associated with the school district for the next three years.

Finally I would like to pay tribute to Mr. D. Frazer and Mr. A. Gannon, two trustees who have made a valuable contribution to the St. Albert School District #3.

Bahai'is to hold convention here

The Baha'is of St. Albert, under the direction of the St. Albert Spiritual Assembly, will host the 1974 Regional Baha'i Convention on Sunday, October 6 in St. Albert.

Baha'is of all races and ages will gather from areas north of Red Deer in Alberta to elect six delegates. Voting is done by secret ballot. No electioneering or nominating is involved, as each person votes for those people who appear to have exhibited best the qualifications for office. Baha'i Writings list some of these eg. " . . those who can best combine the necessary qualities of . . a well-trained mind, of recognized ability and mature experience."

This annual Baha'i event, which finds counterparts across Canada as well as around the world, is the first step in the election of the National Spiritual Assembly of Canada. It is also the prelude to the election every five years of a world wide governing body, known as the International House of Justice, situated in Haifa, Israel.

AROUND TOWN

[illegible] you lack confidence [illegible] lary? The Sturgeon Toastmistress Club can help [illegible] The Toastmistresses meet every second Wednesday in the conference room of [illegible] Kame High School. The next [illegible] will be held on Wednesday, October 9 at 8 p.m. Newcomers will be most welcome.

The St. Albert School of [illegible] famous signature which [illegible] the first page of their new Guest book, a gift of a former student. Dame Margot Fonteyn signed it Friday evening for Gladys Smith, a principal of the school who attended a reception for the famed ballerina following a performance at the Jubilee Auditorium, the closing engagement of a tour by the New London Ballet Company. It will probably be the last visit of Dame Fonteyn. She performed the Pas de Deux from Swan Lake and a Corsaire, absolutely captivating her audience.

** ** **

About 80 St. Albert youngsters took in the first puppet show offered by the St. Albert Public Library last Friday afternoon. They laughed and giggled at the antics of the evil Baron Von Booksnatcher, the first of many adventures the children will see.

The parents who accompanied their children seemed to enjoy the show as much as their youngsters.

They'll be a regular feature very month in the Town Hall Annex adjacent to the Library. As well as the adventures of characters like the evil Baron it is expected there will be some demonstrations of various types of puppets as the season progresses.

Puppet show enthusiasts can expect some interesting items coming up as special holiday pieces and the shows will continue on a monthly basis throughout the winter season. The puppets will be going through their antics at 4 p.m. on the last Friday of every month.

TOO BAD

THE ELECTION

ISN'T

IN

1975

BECAUSE CITIZENS WOULD REALIZE THE ISSUES ARE ALREADY BEING ACTED UPON.

Some citizens have expressed the view that this campaign is nothing but a series of mere promises. Being the incumbent, I naturally must defend the Administration, and my own position on the issues. That I say I say it is too bad the election isn't in 1975 --- because by that time citizens would see the start of recreational projects that to date are in the planning stage.

Facilities like the covered pool, the extra arena, and the development of a major 125-acre park-recreation complex on the site of the existing sewage lagoon that will become available next year.

Place yourself into the future.

The time is October, 1975.

During the '71 - '75 winter, spring and summer, you would have become involved in these facilities; ceremonial sod turnings would have been held and I am confident [illegible]

Planning and recreation departments for the [illegible] and [illegible] that must go into the types of facilities that we all will be enjoying. Election promises? Not really.

[illegible] the completion of projects that have been planned.

[illegible]

Newspapers a contentious point at meeting

Mayor Ray Gibbon bitterly criticized the local paper at the Regular Council meeting on September 23 during discussions on the appropriate avenues of disseminating information regarding Town business.

"It is my contention," the Mayor stated, "that the people of this Town deserve a paper that will be circulated to almost all the people. Comments that I am receiving at the present time is that a lot of people are not receiving the Gazette."

The comments from Mayor Gibbon resulted from a statement by the mayor that the public forums which are to be held with mayoralty and council candidates should be advertised in the Edmonton Journal on the Friday prior to each meeting. Councillor Lukay inquired whether this was to be the practice of council in all cases and the mayor stated that this was something which the council would consider following the election.

Coun. Throndson stated that his interest was in that as many people as possible would have access to this type of information and would support a motion on these grounds and not intending any criticism of the local paper.

Mayor Gibbon further stated that the comments that he had been hearing from people in St. Albert were that many people do not receive the Gazette because "of the fact that both the man and wife work" and consequently the paper is not delivered to the door. The mayor stated that this is the practice of the Gazette, to not deliver a paper to the door, unless there was someone there to receive and pay for it.

As a reporter I conducted an investigation to see if this truly is the manner in which delivery is carried out. I discovered that the Gazette is delivered by carrier, by mail, and is also on sale at local establishments including the Gazette office. The policy of the paper is not that the recipient must be available on every publication day to receive and pay for the paper. The carriers set their own schedules of collection - either monthly, or weekly. Readers may also pay by the year direct to the Gazette, and have delivery. It has never been the policy of the paper to only deliver the newspaper to those who are at home to receive and pay for it. The mayor has definitely been given this idea by persons who have received misinformation on the subject.

Gazette carriers have often continued delivery for several months to a home prior to collecting in the case where the occupants were not home at collecting times.

While we have problems from time to time with carriers, as do all papers and commercial delivery firms, said Mr. Mitchell, circulation manager, we have a large majority of carriers doing a good job, and very few customers who will take advantage of a boy or girl in the matter of payment.

Circulation is estimated at approximately 85 per cent of the households in St. Albert as borne out by delivery records, press run and periodic post office audits, Mr. Mitchell stated. Sales at newsstands are over and above this figure, and at present these average 200 per week. Papers are delivered free of charge to Sturgeon General and Youville Home each week.

PARTY LINE

The telephone number to call to contact St. Albert Protestant Kindergarten Society is 458-1380 which is a change from what it was when the St. Albert Directory was printed. Residents are requested to make a note of this change.

Kennedy Wakefield Wedding

MR. & MRS. RONALD KENNEDY

[illegible] Wakefield [illegible] carnations and mauve [illegible] Barbara Wakefield, granddaughter of Mr. and Mrs. Lawrence Wakefield of St. Albert and Ronald Scott Kennedy, son of Mrs. Sylvia Rogers and Harry Rogers of Kamloops, B.C.

Reverend Oakes [illegible] in which Ron gave Lorraine his mother's wedding ring. [illegible]

The bride was [illegible] lace by her attendants were a rose [illegible] with puffy lace sleeves, and heart shaped buttons. Her train was attached by a bow at the waist. Her waist length veil was held in place by a matching lace capped cap, a special design for the occasion. Her jewellery was a heart shaped necklace edged in rhinestones, a gift from the groom. A bouquet of white carnations and blue gravel mums completed her outfit.

The bridesmaids were Keri Wheaties and Debbie Kelly who were floor length gowns of white with large blue flower design, complimented by a blue cummerband. They wore a necklace to match the bride's and blue button earrings. Their bouquets were identical to the bride's.

The best men were Doug Kennedy, brother of the groom and Laurie Kelly. They all were navy tuxedos, blue ruffled shirts with white carnations sprayed blue for boutonnier's.

Mike Kolind and Allan Woods ushered the guests.

Guardian and grandmother of the bride, Mrs. Wakefield, chose a gown of pale blue with a darker blue floral pattern with long chiffon sleeves and a matching sleeveless coat. Her corsage was made of pink roses with a blue ribbon to match her outfit.

Mother of the bride Velna Frank wore a pink gown with a white collared bolero with a corsage of pink roses and white carnations.

Mother of the groom, Sylvia Rogers wore a chiffon gown of floral pink and mauve with an orchid corsage.

A reception and dance with music by the Satellites at the Community Hall completed the special day for Lorraine and Ron.

The head table centered with a three tier wedding cake (made by the groom's mother) was decorated in a blue theme accented by white candles.

Master of ceremonies was uncle of the bride, Mel Wakefield. The grace was presented by Lawrence Wakefield, uncle of the bride.

A toast to the bride was given by Mike Kolind.

Out of town guests were Mr. and Mrs. Harry Rogers, parents of the groom; Kathi and Ken, step-brother and sister, Kamloops, B.C., Mrs Vi Middleton, aunt of the groom, Regina. Mr. and Mrs Huntley Baird, aunt and uncle of the groom, Red Deer. Cliff and Doris Wakefield, cousins of the bride, Wainwright.

Congratulatory messages and telegrams came from Ron's Aunt Bea and Uncle Bill from Kitimat, B.C. Ron's step sister and brother Evelyn and Jack of Vancouver and Lorraine's Uncle Bob from San Pablo, California.

Following a honeymoon to Seattle and B.C., Lorraine and Ron will make their home in St. Albert.

Public Notice is hereby given that Polling will take place for the election of

A MAYOR AND SIX (6) COUNCILLORS

on Wednesday the 16th day of October, 1974, from ten o'clock in the forenoon until eight o'clock in the afternoon at the places shown above:

AND

at the same place, time and date above mentioned, Polling for FIVE (5) TRUSTEES for the Boards of:

St. Albert Public School District No. 3
St. Albert Protestant Separate School District No. 6

will take place.

and

at the same place, time and date above mentioned, Polling for THREE (3) members of the Board of the Sturgeon General Hospital District No. 100 will take place.

And that I will, at the Town Hall on Friday, the 18th day of October, 1974 at 12:00 o'clock noon, sum up the votes and declare the result of the elections.

Given under my hand at St. Albert this 20th day of September, 1974.

R. B. BOWEN,
RETURNING OFFICER

St. Albert A's fastball team manager Fermin Iseke has just presented Skinny York of Speedway Mobile Homes with a plaque in appreciation for the firm's sponsorship of the team which captured the Sturgeon Men's Fastball League championship this season.

Mr. Ray Stewart (centre) of Standard General Construction accepts a plaque from St. Albert A's manager Fermin Iseke in appreciation of their sponsorship of the A's. Mr. Ron Watts of Standard General looks on. The plaque was given at the St. Albert A's wind-up banquet at the Purple Dude Friday night.

St. Albert A's windup party

The St. Albert A's fastball team held their annual wind-up party and banquet at the Purple Dude last Saturday and paid tribute to the two sponsors that helped them in the Sturgeon Men's Fastball League this season. The team lost only two league games out of 16 played and then went undefeated in the semi-finals and finals to win the league trophy for the second time in three years.

Manager Fermin Iseke presented appreciation plaques to Skinny York of Speedway Mobile Homes and to Ray Stewart and Ron Watts of Standard General Construction. Mr. Iseke also had a few words of appreciation to all his players while Larry Mitchell in turn thanked Mr. Iseke on his work with the club and the league.

The raffle for the stereo component set was won by Mr. Bob Platts of Grandin Village. Dancing and an excellent chicken supper topped off a wonderful night.

NOTICE

Arena opening delayed

Mr. Louis Martineau, St. Albert and District Arena manager advised the Gazette Monday that the arena opening will be delayed a week to 10 days due to weather conditions not being cold enough to hold the ice properly. With the exception of the last few days it just has been too warm out.

As a result the Kinsmen Minor Hockey coaches clinic scheduled for October 5 - 6 has been postponed until the ice is available. It is hoped that the referees clinic scheduled for October 12 - 13 will go as scheduled. Watch the Gazette for further information.

Russia leads 74 Series

The Russian Nationals took a one game lead in the best of eight series with Team Canada '74 Tuesday with a close 3-2 win in the opening game played in Russia. Russia scord the only goal of the first period when Alexander Maltsev (#10) was left alone in front of Gerry Cheevers and slipped it home at the 5.34 mark. The goal was a result of some bad defensive play in Canada's end zone and the Russians took advantage of it.

With only 15 seconds gone in the second period Ralph Backstrom and Mark Howe got the puck to the veteran Gordie Howe behind the Russian net and the old pro neatly tucked it behind a surprised Valislav Tretiak in the Russian goal. Russia took a 2-1 lead at the 15.04 mark of the second period when Maltsev scored his second of the game on a Russian powerplay while Johnny McKenzie was sitting out a tripping penalty.

Both clubs had many excellent scoring chances in the period but the fine work of Cheevers and Tretiak had many players shaking their heads.

Russia wnt ahead 3-1 at 11.48 of the third period when Alexander Gusev caught Cheevers out of the net an drilled a shot from a bad angle that Gerry had no chance on. Young Mark Howe carried the puck from deep in his own end zone across the Russian blueline and beat Tretiak on a shot that caught the corner. The goal came at the 18.10 mark and gave Canada a hope of a tie. Russia got control of the puck on the faceoff and expertly killed off the remaining minute to hold onto the 3-2 win. Russia now has two games to one for Canada and two have ended in ties.

The game was probably the roughest and dirtiest of the games played to date with high sticks, spearing, elbowing going on throughout the game. Should any of the respective players not be able to play hockey next year they would have no trouble cutting sugar cane for Fidel Castro in Cuba the way they can manipulate their sticks.

The next game will be Thursday, October 3 starting at 10:30 a.m. on CTV. The game will also be replayed on the same channel at 9 p.m. the same night.

ST. Albert Gymnastic Club

The St. Albert Gymnastic Club does not have a large enrollment this year and if you have held back registering your child because we were so crowded last year, we urge you to come out to Lorne Akins School to register boys on Monday, Oct. 7th at 7 o'clock for this 10 ween session. To register girls, would you please phone Mrs. Kathy Lutzalk at 458-3117.

The Gymnastics Club is proud of the calibre of instructors, Mr. Paul Conrad is teaching the boys, and Miss Pat Gibbons and Brenda McBride are sharing the teaching chores to handle all the girls we expected to enroll. We can certainly handle a much larger number this year and to keep the club intact we would like to register more children (particularly boys). So come out or phone and ask your questions. We need the members.

Comets Practice

St. Albert Comets senior hockey team will hold their first practice of the year tonight from 9 p.m. to 11 p.m. at the Namao Air Base Arena. Practices are also scheduled at Namao, Thursday, October 3 from 9 to 11 p.m. and Sunday, October 6 from 8 p.m. to 10 p.m. All positions are open and interested players are asked to supply their own equipment including sticks.

Sturgeon Ladies Hold Annual Golf Banquet

Sturgeon Ladies Golf Club President Tena Bannerman (right) presents the Town of St. Albert trophy to the new club champion, Flora Burry. The trophy was won last year by Shirley Fisher.

Twenty-six ladies took part in our year-end two ball tournament and social day, Tuesday, September 24. Competition winners were: 1st Val Parent and Bernice Cook; 2nd Louise Griffith, Helen Hodgins; 'Most Honest Team' - Carol Levasseur and Yvonne Moir, Hidden Hole, Millie Mason and Val Anderson. An enjoyable game of golf was had by all followed by a delicious lunch and refreshments.

On Monday, September 30 the annual fall meetings and banquet was held at the Legion Hall with 30 members in attendance.

Presentation of trophies and prizes highlighted the evening. Winners were Club Championship - Flora Burry runner-up - Bernice Cook; consolation - Shirley Holman. 1st Flight - Helen Hodgins, runner-up - Marg Davis; consolation - Yvonne Moir; 2nd Flight - Dorothy East; runner-up - Val Anderson; consolation - Olga Komarnisky.

Pin-day winners - 1st- Betty Olesky; 2nd - Flora Burry (daytime); 1st Mary Barnes, 2nd - Shirley Holman (evening); Most Improved Golfer - Betty Olesky. Ringer Board - Beth Olesky and Shirley Fisher (tied). Flora Burry received a "Break 100" Pin. Congratulations ladies.

Nominations of officers took place. Executive for the 1975 season are: President- Shirley Fisher; vice president Yvonne Moir; treasurer Audrey Peterson; secretary - Gwen Cameron; Social convenor - Marg Davis; sports captain Flora Burry; assistant sports captain Helen Hodgins; handicap chair - Betty Fehr; City rep. - Bernice Cook.

Incoming President Shirley Fisher presented Tena Bannerman outgoing president with an engraved coffee spoon on behalf of the club for a job well done as President.

A delicious supper served by Trio Catering Ltd., was enjoyed by all.

The evening was rounded out with games and good old-fashioned sing-song.

The executive is happy to report a very successful year all-round and the new executive are looking forward to a busy and enjoyable '75 season.

Until next year "Have an enjoyable winter, see you all next spring."

BOB WALLIS

Bob Wallis, a star last year with the St. Albert Bruins junior hockey club scored a pair of goals last Sunday to lead the Taber Golden Suns to a 8-3 win over Drumheller Falcons in the opening weekend of the Alberta Junior Hockey League. Young Wallis is on a scholarship with the Suns and is attending college in Taber. He is coached by Garry Hull, younger brother of Bobby and Dennis Hull.

Winners of the 1st Flight of the Sturgeon Ladies Golf Club were all smiles for the Gazette photographer Monday night at the annual banquet held in the Royal Canadian Legion Hall. From left to right is Helen Hodgins (winner), Marg Davis (runner-up) and Yvonne Moir (consolation).

St. Albert scores 58—0 win over Jenner Pontiac

Carma Developers, St. Albert's bantam football squad scored an easy 58-0 win over Jenner Pontiac Sunday morning at Kinsmen Park for their fourth shutout in five league games. Carma's only loss was a 20-12 defeat to first place Canada Safeway who remain unbeaten with a 47-0 win over Ladies Quarterback Club.

Seven different players shared in the scoring for St. Albert with Rod Wiltshire and Paul McCann scoring two each. One of Wiltshir's was a 60 yard burst up the middle He also is the league's top groundgainer with 586 yards on only 37 carries for a 15.9 average per carry. Paul McCann holds down second place in the rushing with a 11.1 yards per carry.

Other St. Albert touchdowns came on passes from quarterback Joe Tworek to Fr ncis Tworek for 25 yards, Mark McLaughlin for an eight yard T.D. and to Max Mault. Peter Tworek had a fine day in converts as he kicked five for 10 points. John Provencal came up with an interception and Jordan Johnson and Jimmy Scheibelhofer blocked a punt that led to a touchdown.

St. Albert's next game will be this Sunday when they take on CHQT Broadcasting who are currently tied for second spot with St. Albert but have scored 66 less points and have allowed 56 more. The game is set for 11:30 a.m. at Kinsmen Park.

Jr. Bruins Practice Thursday

St. Albert's Junior Bruins hockey club will hold their first practice of the year Thursday, October 3 from 10:30 p.m. to midnight at the Grand Trunk Arena which is located on 130 Avenue and 112 Street in Edmonton.

Interested players are asked to attend and supply your own equipment including sticks. The team which plays in the Capital Junior Hockey League with Fort Saskatchewan, Leduc, Stony Plain, Waterloo Mercurys and Sherwood Park will again be coached by Mr. Ken Schwartz. The team has a new manager in Don Parenteau and Rene Poulliot and Ole Jensen will look after the equipment and training of the team.

All of last year's players will be eligible to play as the age limit was increased one year. St. Albert has drafted 11 players out of the juvenile and midget leagues in Edmonton and should produce a strong squad. President Ron Yanosik will advise all players Thursday night where the next practices will be.

If your family is rough on floors (and what family isn't),

you need NEW ERA™

The TOUGH FLOOR from Armstrong

Floors don't lead a soft life—especially if there's an active family around your house. Everyday scratching, scraping, scuffing, and gouging can do in any floor after a while.

That's why Armstrong created New Era . . . the tough floor.

New Era is made of vinyl, like many other floors, but it's manufactured differently to give it extra strength . . . strength to resist gouges and heavy traffic wear let alone ordinary scrapes and scratches.

But don't take our word for it. Come in today, and we'll show you just how tough (and good looking) New Era really is!

St. Albert ★ ★ Recreation

FIGURE SKATING CLUB:

There will be a skate and dress exchange and sale on Saturday, October 5 from 2 - 5 p.m. in Dressing Room #4 at the Arena.

The first practice for members of the St. Albert Figure Skating Club will be on Saturday, October 12 and NOT on October 5 as previously scheduled. CPSA group practice will be from 4:30 - 5:30 p.m. and National Test Skaters and pre-beginners will skate from 5:30 to 6:30 p.m. This year's skating season will commence on Monday, October 14.

POWER SKATING:

Although the response to the registration for power skating on Saturday last was good, a few openings remain in some levels. To register and for further information, please phone 459-4720.

CHESS:

The St. Albert Chess Club which got off the ground last year, will meet for the first time this season on Wednesday, October 9 at 8 p.m. in Mission Clubhouse (beside the tennis courts on Mission Avenue).

WASKAHEGAN TRAIL:

The Waskahegan Hiking Trail was a centennial project of the Edmonton Oil Kiwanis Club in 1967. The trail follows a roughly triangular route through St. Albert, Namao, Fort Saskatchewan, Elk Island Park, Miquelon Lake, south of Camrose, Edmonton and points in between.

So that St. Albert can take a more active part in the project, a meeting will be called towards the end of October at which members of the parent Association will show maps and guide books, explain the objectives and report on what has already been accomplished. If there is sufficient interest, it may be possible to form a local chapter of the association.

This could be exciting for hiker , cross-country sk- er people who just simply like to walk. Anyone interested is asked to phone the Department of Recreation at 459-6601 and leave name and phone number.

SWIMMING:

Red Cross progress cards and badges and Mile Swim award cards and badges are waiting to be picked up at the Recreation Department in the Town Hall. The RLSS awards have not yet been received.

Hockey Coaches

I would like to take this opportunity to thank all of you who have assisted the Minor Hockey program in the past and to welcome those of you that are new. We hope to make this the best year ever with better communication, more meetings, and a better rapport between our division heads and coaches. The first meeting will be a general one and will be held in middle October. You will be expected to attend this meeting!

Within the next few weeks the division heads will be in contact with you. Please make a note of your division head's name and phone number as he will be the first person you need contact for any reason!

DIVISION HEADS 1974-75:

SHAVERS: Mr. Andy Kampen, 459-6171;

MITES: Mr. Bruce Daley, 459-3937;

PEE WEES: Mr. Al Stadtler 459-7054;

BANTAM: Mr. Al Schuermann, 459-8117;

MIDGET: Mr. Gary McDermid, 458-1549;

JUVENILE: Mr. [illegible] Bokenfohr, 459-3155.

CALLS WILL [illegible] ACCEPTED AFTER 7 P.M.

In the meantime once again I thank you for your support and hope that together we can succeed in providing a good Hockey season for the boys.

Norm Tate, Chairman,
Kinsmen Minor Hockey

Locals from Legal

By Lucienne Montpetit

Les Femmes Chretiennes will hold their first monthly meeting on October 7 at the Recreation Centre at 8 p.m. You will be able to pay your dues Monday evening.

A warm and hearty welcome to Mr. and Mrs. Alphonse Champagne also to Mr. and Mrs. Maurice Daoust and family who have moved in our community. Mr. Daoust will be supervising construction on the Legal Dehydrating Plant to open in early spring.

Mr. and Mrs. John Zilinski are happy to announce the engagement of their daughter Jeanette to Ricky Redcliffe. Ricky is the son of Mr. and Mrs. Ray Redcliffe from Pears, Alberta. Congratulations to the happy couple.

Mrs. Eddy Rivard, Mrs. Claude Maurier, Mrs. Normand Letourneau and Mrs. Herve St. Onge flew to Saskatoon on October 1st to attend a Rallye pour la Federation des Femmes Canadiennes Francoise. The ladies will return on October 4.

Mr. and Mrs. Denis Pelletier are receiving congratulations upon the arrival of their charming daughter Diane, born on Sept. 23rd, weighing 7 lbs. 12 1/2 ozs. A baby sister for Denise. The happy godparents will be Mr. and Mrs. Paul Brisson.

The graduation exercises will be held on October 12. If you wish to purchase tickets for the banquet, contact Cathy Montpetit at 598-3606 NOW.

Registration for Guides and Brownies will be on October 5 at the Rec. Centre at 2 p.m. followed by a Gigantic Weiner Roast.

Congratulations and best wishes to Mr. and Mrs. Steve Zadunayski who celebrated their 25th wedding anniversary recently. We wish you many more years of continued health and happiness.

Legal students hold Frosh

By Agnes Blanchette

The Legal High School once again held its Annual Frosh Day on Sept. 20th. Forty-five froshers came to school dressed in many different costumes. They had a hard time all day. Their faces were targets of lipstick, shoe polish and other greasy things. We found many of these poor subjected students in the incinerator and up the flag pole.

At 7 p.m. we started the Kangaroo Court. Punishments were handed out and most enjoyed by the audience.

The judge Bernie Fizer adjourned the Court, with the help of his jury Pat Montpetit, Rachelle Nault, Paul Chamberlain and Mike Gagne.

Some 150 students then enjoyed a dance with Jim Hunting providing the music with his tapes.

There is another member on the Student's Union, Cathy Montpetit who is our secretary-treasurer who I omitted last week.

GUIDE & BROWNIE PLANS

A meting was held for the Mothers Local on Sept. 24th at the Rec. Centre.

President Lucienne Montpetit opened the meeting and welcomed the ladies. Dorothy de Champlain, secretary read the minutes of the last meeting and Gaetane Champagne sec.-treas. gave her report.

It was agreed that the fees would be $3.50 per child for enrolment.

The registration for the Guides and Brownies will be held on October 5, at the Recreation Centre followed by a Giant Weiner Roast for all the girls. This should really be a funfilled afternoon for the girls and leaders.

Elections were held for a president and sec.-treasurer, Mrs. Irene Maurier was elected president and Mrs. Agnes Montpetit sec.-treasurer. Mrs. Irene Chamberland and Mrs. Ferne Van de Walle are on the telephone committee; Mrs. Lucille Pelletier, Mrs. Shirley Derrien and Mrs. Jeanne Gagnon were nominated on the social committee. Mrs. Marie Gregoire is badge secretary.

If you have any guide or brownie uniforms for sale, or if you want to purchase one phone Mrs. Irene Chamberland at 598-3852.

I would like to thank all the mothers, the leaders and the commissioner for their co-operation and help while I was chairman of the local for the past two years.

HORSE HILL

By Peggy Wenzel

The Horse Hill Community League will hold a Hallowe'en Hulahaloo in the Community League Centre on Saturday, October 26 from 9 - 1 a.m., with tickets at $8 per couple. There will be a bar and a hot roast beef supper. Masquerade dress is optional. Bring your pumpkin and dance to the music Dumka.

There are still openings available in all fall program classes. A membership drive for the Community League will be initiated in November, so please watch for the canvassers.

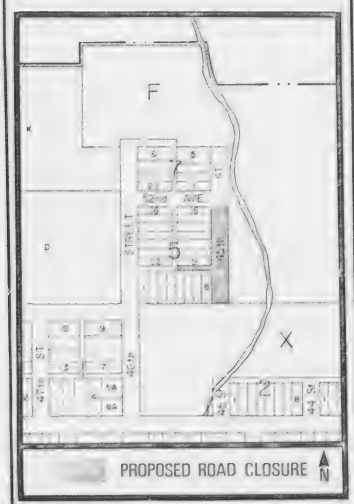
MORINVILLE 256-3043

NOTICE OF PUBLIC HEARING

VILLAGE OF LEGAL

Pursuant to Section 175 of the Municipal Government Act, the Village of Legal intends to pass a Bylaw closing the following described public roadway and lane for the purpose of disposing the land to the adjacent property owners:

(1) All that portion of 45th Street which lies to the south of the southerly limit of 52nd Avenue and to Block X, all as shown on Registered Plan 7710 U.
(2) All that portion of the east - west lane which lies to the east of the southerly projection of the easterly limits of the north - south lane, all in Block 5, Registered Plan 7710 U.



Any persons objecting or prejudically affected by the proposed Bylaw may make application to the Secretary-Treasurer to be heard by Council at a public meeting to be held FRIDAY, OCTOBER 25, 1974, 2:00 P.M. in the MUNICIPAL BUILDING.

AGNES MONTPETIT,
SECRETARY-TREASURER
VILLAGE OF LEGAL.

The '75's from Chrysler have arrived!

We've got the new car and truck news for 1975. Come on in and see the new sport size Chrysler Cordoba. It's a whole new kind of Chrysler.
There's also Fury Sport, a new mid-size car from Plymouth. A new Dodge Charger, called Charger Special Edition. See our full-line of 1975 Dodges, Plymouth, Chrysler and Imperial cars.

Our '75s use any gas-leaded or unleaded!

Church's grandeur credit to pioneers

THE ORNATE INTERIOR OF THE Church at Morinville. Work on this church began in 1907 and it has been strengthened and embellished ever since. Last year saw a complete renovation and restoration of the building under a Government LIP project

They came from eastern Canada 83 years ago to settle and farm the land God gave them with a priest pioneer Father Morin.

A white weatherbeaten cross two miles west of Morinville is their memorial now and the air is full of the smart of heavy traffic forging north of Edmonton.

But if the spirits of the French Canadian pioneers who came here in 1891 still haunt the site marked by the cross where they built their first humble church, they will see a rising tower to the east which truly reflects their hopes and aspirations.

The rising tower is the spire of the church of St. Jean Baptiste which was built in 1907, given a brick exterior 22 years later and fully restored and renovated last year. The original pioneers would be proud to worship in such a building - a small reflection of God's glory - and would be just as happy to learn this church they founded has been given protective status following last years major restoration. Cost of the restoration was $72,000 under a Government Local Initiative's program.

It was September 17 when news came through that the church and rectory had both been designated as registered heritage sites by the Honorable Horst Schmid, minister of Culture, Youth and Recreation.

The church and rectory are among three historic buildings of provincial importance which have been so designated. Two others are St. Mary's church in Bolan, the oldest Romanian Church in Alberta and the Cathedral Church of the Redeemer, clerical centre of the Anglican Diocese of Calgary.

November 17 Morinville's church will be rededicated by Bishop Raymond Roy with Provincial Minister Schmid in attendance. It is intended that the three new churches will receive plaques and brochures explaining their new protected status. Morinville's St. Jean Baptiste church and rectory which towers over the community reflects the grandeur of church architecture of the settlers from Quebec.

Reverend G. H. Primeau, who has been parish priest at Morinville since 1966 tells the story of a former Archbishop of the Edmonton diocese Henry O'Leary who used to visit the church back in the old days. (Archbishop O'Leary was appointed to the Edmonton diocese September 7, 1920 and died March 5, 1938 Father Primeau says of him that he used to come to the Morinville church regularly "because he thought it was the nicest church in use east of Winnipeg."

Any visit to the church will confirm this view, which seems a far cry from the cross two miles west of the town which marks the original site of the first chapel used by the original settlers. That was way back in 1891 after the settlers arrived under the leadership of a priest - colonizer Reverend J. B. Morin.

Inside the church there are beautiful murals depicting great themes from church history and the New Testament, all of which have been refurbished by residents of the area. Then there is the "Way of the Cross" which came from France. Since its arrival it too has been repaired by some of the dedicated women of Morinville. The statue of John [illegible] came from it-

[illegible] said that [illegible] the church had their problems, as they discovered that the basement was [illegible] cement had to be put down. When they got to the Cross, Father Primeau continued, they had to wait a few days to get up the scaffolding as it was too windy and they were naturally scared.

No church would be complete without a good set of bells and the church boasts four of these. The first is 1900 lbs. and is named after Pope Pius XI who was the reigning pope at the time the bells were blessed November 27, 1926. Another bell, weight 1400 lbs. is named Henry Joseph after Bishop O'Leary while two smaller bells, one of 900 lbs. is called St. Jean Baptiste, the patron saint of French Canadians, and the other, of 500 lbs. is named St. Boniface the patron saint of German Catholics, of whom there are still quite a few in the area, says Fr. Primeau.

On entering the church no-one could fail to be impressed with the Casavant Pipe Organ which came all the way from Montreal and was installed in the church at the same time the choir loft was being constructed.

Going back a little further into the background and history of the church, it became apparent in 1892 that the original chapel was too small for the needs of a growing parish so land was chosen near the main cross roads - the present townsite - on a site north of the present church for Morinville's parish needs. The town was named Morinville after Fr. Morin who had brought the first settlers out of Quebec to this area.

The following year Morinville's first church was built, hewn of rough timber - 30 x 40 feet - and served the parish until 1906.

Construction on the present church began July 1, 1907 with plans drawn up by J. A. Senecal an architect from St. Boniface, Manitoba while the contractor was Archie Munn of Edmonton. By 1912 the church was already found to be in need of repairs; it was strengthened, the sacristy was built, paintings and decorations [illegible] was built to replace [illegible] of 1895.

[illegible] part of the locality it seems; the bricks were made here and the lumber and cement were from Alberta. Father Primeau told the Gazette this week that by March 31st of this year 600 people had signed the guest book for the church some from as far away as Germany and the Philipines. He puts this down to the fact that the Morinville church "is a church," and not just another concrete building vying with others for a place on the sky-line.

November 17 will be another historic day for the [illegible]ty of Morinville when the church is rededi[illegible]

[illegible] commorative luncheon [illegible] pleted.

Stan Walker to run again

STAN WALKER

Stanley Walker, veteran councillor with the MD Sturgeon with an admiral record of 22 years of service, 13 of them as Reeve has decided to seek office again, after a rest of one term. He will contest Division 4 against incumbent Glenn Berry. He was on the MD Council in the period when the Municipal District went to the County system and served as County Chairman, and remaining when they reverted back to MD status, the only district in the province to do so.

The county experience involved him more closely with school problems which he worked actively on, and he continued to take interest in school affairs and work with the boards.

Mr. Walker is also President of the West Sturgeon Agricultural Society, which he believes has a good future, with good people at work in the organization. "We've had some problems," he admitted, "but working hard and working together we can do a lot."

Fairness is Lamoureux battlecry

Hubert Lamoureux will try to be fair to everyone if elected to-Division One of the MD of Sturgeon No. 90 in the October elections he told the Gazette Monday.

Councillor Ed Courchesne is not seeking office this term and the seat is also contested by Walter Pasnak and Jack Thorpe.

Mr. Lamoureux said he would have three other aims in mind if he was elected to the MD council. This is his first attempt at municipal politics.

*He would see there was fairness in land subdivision in the area.

*He would aim for improvement in local roads, though he pointed out that these were presently in fair condition.

*He would aim to keep up the good work that Mr. Courchesne had done.

Mr. Lamoureux says he would appreciate the support of everyone. He has been a successful farmer in the Horse Hills area since 1952. He had been in the dairy farming business for 14 years but now he is working 960 acres of grain. Mr. Lamoureux is from old pioneering stock, his ancestors coming to the area in 1889. He pointed out that he is still farming the same land.

He was a member of the Gibbons Seed Co-op for four years and a school board member of the Saskatchewan school before it closed down.

Mr. Lamoureux has four children - his son David, 21, is helping on the farm, Barbara, 16 is at the M. E. Lazerte High School, Brenda, 13, and Kant, eight, are both attending the Horse Hills School.

WI members learn about tar sands

By Liz McLeod

The subject for the 24th meeting of Calahoo WI was Canadian Industries so Mrs. Jack Dalheim, a Spruce Grove member, wrote to the Independent Petroleum Agency of Canada in Calgary for literature and received much.

Selecting what she felt the group would be interested in, Emma read about how plans are going to extract the oil from the Tar Sands. The complicated procedure was described in part and it will be in the 1980's before they will be in production.

The Calahoo WI branch responded to the Alberta Executive project of buying a pump for an Ethiopian village by giving up tea money for one meeting. They are sending a cheque for $5.00 towards this worthwhile project where each group in Alberta are asked for so little to accomplish so much

The group discussed what they could do to help finish the Calahoo Arena but nothing definite was decided.

Visitors Sheila Long, Isabel Wheatley, Lois Schmermund and 13 month old Norman were welcomed, a Mrs. David Roddick, a new member.

Mrs. Carl Bergstreiser won the door prize, and Roll Call of bring an odd shaped vegetable certainly produced some funny ones.

The birthday cake was prettily decorated with live asters and happy birthday was sung to the August and September birthdays. During lunch members had opportunity to visit and compare notes.

The October 22 meeting of Calahoo W.I. originally scheduled for Mrs. Margaret Douglas will be held in Mrs Emelia Schmermund's home so members make a note of this please.

With the shovel at the sod turning for the new addition to the Gibbons School, September 10 is Reg Austin, trustee for Sturgeon School Board No. 24. Also in the picture (from left) is Clarence Minchau, president of the Sturgeon River Agricultural Society, Chairman of the Board John McDonnell and trustees Harold Paul and Lois Hole. The addition will provide six classrooms initially, with provision for six more on a plug-in basis with total accommodation for 300 students. The new addition will also be used as a community centre with a gym and kitchen facilities. Architects for the project are McIntosh, Workun and Chernenko of Edmonton. The Agricultural Society has put $48,000 into the school for community use.

New & Used Grain Augers

Avadex*BW granules in the fall can save time and uncertainty in the spring. Fall-applied Avadex*BW herbicide hibernates through winter, gives early wild oat control in your wheat, flax, barley and rapeseed.

Put your herbicide down this fall and you can be ahead two ways next spring. You can save time that can be used for other planting chores. And you can avoid possible wet weather delays in your wild oat control program next spring.

Just apply Avadex* BW granular herbicide by Monsanto after October 1 and before soil freeze-up. Avadex BW will stay locked in the soil through the winter. Then it goes into action against wild oats early next spring. Preemergent Avadex BW can control wild oats before they can rob young wheat, flax, rapeseed or barley of valuable moisture and nutrients. And Avadex BW can control wild oats that can rob you of yield. Leave an untreated strip to check Avadex BW effectiveness next spring.

Apply Avadex BW granular herbicide now — in the fall. Always read and follow the Avadex BW label directions.

St. Albert constituency represented at NDP council

By Shirley Steinwand

Earl Toane, NDP candidate for St. Albert in the next Provincial election, was delegate to the Provincial Council meeting held in Stettler, Sept. 14 and Sept. 15, 1974. Don Bevington, treasurer of the Federal constituency Association of Pembina, also attended.

The Provincial Council meets four times a year or when circumstances arise that require attention. Generally, the council handles party business between annual conventions. Seventy delegates and executive members attended this session from most constituencies in Alberta. They considered and made decisions on party policy and preparation for the next provincial convention which is to be in Calgary on January 31, February 1 and 2 at the Palliser Hotel.

The highlight of the meeting was Provincial Leader Grant Notley's report where he revealed the NDP mini budget which he will present in the present session of the Alberta Legislature.

The meeting was held in the Masonic Hall. Stettler NDP members did a fine job as hosts by providing excellent meals and entertainment.

LIONS' CLUB IN ZONE 2B TO OBSERVE LION'S SERVICE DAY!

Lion Gerald Kipling, chairman of Zone 2B of International Lions' Clubs District 37B advises that all the clubs in Zone 2B will observe "World Lions Service Day" on October 8. The Lions clubs involved are: Bon Accord, Clyde, Gibbons, Morinville, St. Albert Breakfast and St. Albert Supper Clubs.

Johnny Balbo, president of Lions International, has called on all Lions to perform a humanitarian act on this occasion. It is believed that if the 1,016,855 Lions, in 27,586 clubs, in 146 countries rally to the call, tremendous good will be created throughout the world, and many worthwhile projects will be completed. Lions are invited to extend a helping hand to someone or some community undertaking.

A day we all serve - the theme - one million - one mission.

Sincere sympathy of the community to Mr. and Mrs. Walter Chipchar on the death of their daughter, Cathy, on Sept. 23.

More new buildings coming up in Gibbons! An AGT building is presently under construction, also Jack Hogg's Gulf Service.

The Gibbons Local Association would like to thank everyone that took part in the paper-drive on Saturday.

A reminder to everyone; the paper bin, located next to the village office, is opened every day. Please deposit your bundled papers there. For pickup, call 799-9101.

Don't forget the Thanksgiving Turkey Bingo at the Hall, on Monday, October 7.

Watch for the opening of Ron and Al's Service Ltd., within the next few weeks.

Owners are Ron Zellweger and Albert Steinwand. Services will include; 24 hr. towing service, all car and truck mechanical repairs, and a two bay coin car wash

They are also Sno-Jet power toboggan dealers.

On September 23, 1974, Miss Cathy Chipchar passed away at the age of 19 years. Survived by her parents, Mr. and Mrs. Walter Chipchar, two brothers, Butch and Dan of Gibbons.

Funeral services were held Thursday at the Gibbons Anglican Church, with interment at the Church Cemetary.

October 16 is election day for a School Trustee in Division #2 of Sturgeon M.D. Reg Austin and Olga Bilecki are seeking office. If you are 18 years of age, a British or Canadian subject and have resided in Division 2 of Sturgeon for six months prior to election day, you should be voting. There will be no polling lists - you just go and vote. Polls from 10 a.m. to 8 p.m. in the Gibbons School.

Goat Association open to owners

Membership in the Alberta Goat Breeders Association is open to all people who own goats and offers assistance and services to owners. Included is a regular newsletter under the name SLANT, which stands for the different breeds of goats: Saanen, Lamancha, Alpine, Nubian and Toggenburg.

President of the Association is Mrs. Ruth Mausolf of R.R. 6 Site 6, Edmonton, and Secretary is Mrs. Doreen Horner of Redwater. Information is available on the care of goats and upgrading of herds and guest speakers are brought in to talk on a number of topics.

People who have animals to be bred and who don't know of a good buck service may telephone Mrs. Mausolf at 799-3777, as the Association has a registrar for all breeds.

Goat breeders feel there are a number of advantages in raising the animals, such as easier handling for women than cows and that they are better milkers. They are growing in popularity on acreages.

The Association holds a number of special events during the course of a year, such as field days, children's shows and adult shows. Show trophies are provided to the Association by business people and organizations such as Highway 28 Shell Service and Cafe, Bon Accord; Daisy Hill of Clover Bar, Aileen Lesniak of Gibbons; the S. Offer family of Darwell and the Village Superette in Bon Accord.

Olga Bilecki seeks trustee position

Mrs. Olga Bilecki, who is contesting the school trustee position presently held by Reg Austin in Division 2 of Sturgeon School District has had 12 years of teaching experience. Her first post in the very early fifties was a one-room rural school west of Leduc where she had grades 1 - 8 at a salary of $1,550 per year, plus janitor duties.

She arrived in Bon Accord in 1953 and has lived in the area since. Olga has taught at all levels, including a one-year principalship at Alcomdale, and five years as vice-principal at Bon Accord. She majored in home economics. Olga is married and lives with her husband and three school-age children on a farm.

"I believe that a student's self esteem and worth is determined by his performance and achievement," said Mrs. Bilecki. He must do the basic things well, and from there he learns to cope with the rest of the world. I place importance on the fundamental subjects, rather than on the frills, she commented. The ultimate in school buildings is secondary to a good teaching staff that can improvise under reasonably adequate facilities.

Mrs. Bilecki also believes that from the stimulation of a rural environment that rural and semi-rural children have the opportunity to become responsible and capable individuals, second to none. In her opinion they need: Shorter busing time, uncrowded classrooms, good teachers, adequate libraries and sports facilities, the basics in religion, opportunities for music and art, and local activities to stimulate their talents and interests, so that they will enjoy their own communities and feel a part of them, and cherish their past.

"I pledge to work in the best educational interests of children and parents of the area I will be representing if elected," she concluded, "and especially I would like to bring the school board back to the people, who put out that educational dollar to educate their children."

Report from Bon Accord

By Sadie Allen

A good crowd of fans was on hand for the first bingo of the new season on Sunday, Sept. 29. Calling the numbers was Joe Milligan assisted by Stan Kowalski and Glenna Brennan as game checkers and Pauline Mansfield and Linda Fearnley looking after ticket sales and the refreshment booth. For last night only the Jackpot of $150 was played out going down by $10., with each number called. Winners were Thale Critchley and Janice Fenwick, sharing a $50. pot. It was an especially lucky night for Joan Hill, who won $25. on a bingo called in seven or less numbers (Joan got hers in five) and shared a $27. Bonanza with Eileen Rosen. Next Sunday the Jackpot will again start at $150., but will go down $10. and up one number until won. Game time is 7:30.

A Teen Club for Bon Accord has been organized under the sponsorship of the Lions Club. President is Penny Carleton, secretary Jan Bourdon; treas. Lori Ketler, councillors - Jim Ingle and Gerry Schinbine. Anyone 13 to 17 is eligible to join. The club is currently involved in money making projects selling lunch at the last Board of Trade meeting and holding a car wash on the weekend. Funds realized will be used for club activities.

The Bon Accord Arena should be ready for hockey season, the cement slab is being constructed now and the changing rooms and concession area will be started in the near future. A shortage of manpower is the main problem in delay and anyone willing to help in these areas of construction of the arena is asked to call -- Floyd Bjerke, 298-3627.

Mrs. Ollie Bilecki has filed nomination papers for the position of school trustee in Division 2 on the Sturgeon School Division. She wishes to see the Board brought back to the people and will serve in the best interests of the children and their parents. Ollie has had 12 years experience in the teaching profession, first in elementary and later in junior high and high school. She has three school age children - three excellent reasons why she should want our schools to be the best - and has shown a keen interest in 4H and sport activities. She ask for your support at the polls on October 16.

The Ladies Community Club will meet at the home of Doreen Hewitt on October 9th with Jean Sloan as hostess. Club meetings are held in the evening and anyone interested is cordially invited to join. The club acts as an auxiliary to the Community Centre Board and plays a large part in helping to and promote activities.

A final Market Day under the sponsorship of the BA and district Agricultural Society is slated to be held in conjunction with the Thanksgiving Supper on Monday, October 14. Shrubs will be available, but the society would prefer to have them pre-ordered so that none will be uprooted and wasted. Phone your order in to Pat Reichle at 298-3535.

A word of warning to anyone who might have designs on Bon Accord Mutual poles or wire - these are still the property of the Mutual company and anyone removing same is liable for prosecution. Poles are to be stockpiled under tender by the AGT and auctioned. Notice of the auction will be posted.

The services of the Bon Accord Emergency Brigade were called upon when Dennis Kinjerski suffered a fracture of the kneecap. A member of the squad provided first aid, splinting the broken bone and then taking Dennis to the hospital at St. Albert. Get well wishes are extended to Dennis.

RETURNING OFFICER.

Bon Accord forum — Council candidates

By S adie Allen

All 10 candidates running for positions on the Bon Accord Village Council were present at a public forum sponsored by the Board of Trade on September 25.

Each was called upon to give a short account of him/herself. Nigel Mansfield has been a resident for two years, is active in community affairs and is head of the St. John Emergency squad and largely responsible for the formation of the squad. John West, incumbent, resident for 2 1/2 years, has served on council for 14 months. Bill Deedman, long time resident, has served on council and as mayor. Bill promises controlled progress. Ken Fearnley resident for 2 1/2 years, has had experience in the construction business, has acted as building inspector for the village, is now attending U of A taking business administration. Helen McKenzie, lone representative of the fairer sex, resident for 1 1/2 years, active in all aspects of the community, secretary of the Board of Trade, manager of Village Superette. Tom Hill, resident for two years, 12 years experience in business operations and financial affairs and currently holds the position of accountant/office manager for an Edmonton firm. Keith Whitson, postmaster and owner of the Village Superette, actively interested in community affairs. Rob Lane, resident for 1 1/2 years, has a small town background, hopes to build a prosperous town by encouraging business. Archie Jenkins, born and raised in the district and has taken an active part in community affairs. Archie spent 4 1/2 years in active service during World War 2 and was discharnged with the rank of confirmed sergeant. He has served several terms on the Board of the Bon Accord Community Centre, on the local school board and six years on the Board of the Sturgeon School Division and as a member of the executive of the Alberta School Trustees Association for a year, served as village secretary-treasurer until 1973, has the time and experience to devote to furthering the development of the village.

Terry Murphy, 15 months resident, auditor for the Workmen's Compensation Board, enjoys the warmth and quality of life in the village. Terry has taken a keen interest in council affairs, sitting in as an observer on council meetings.

All candidates are genuinely interested in the village. With election day coming up on October 16 it is important for everyone to make up his/her mind to get out and vote. There will be NO advance poll, voting will be at the village office from 10 a.m. to 8 p.m. and anyone resident in Alberta for six months and in the village on Nomination Day (Sept. 18), 18 years of age or over is eligible to vote.

FROM PARLIAMENT HILL — Cattle-Beef Situation

By Stan Schellenberger
M. P. Wetaskiwin

The entire cattle industry, and particularly the fed cattle side, is still suffering from uncertainties, and a general lack of confidence in both the short and long term outlook. Increased world supplies of meats, especially beef, coupled with lower per capita consumption has contributed to this uncertainty. For the first time it would appear that the U.S.A. is nearing self-sufficiency in its own domestic beef production.

Canada has reached an all-time high cattle population of almost 15 million head. This spring's record calf crop will soon be coming to market and the prospects are for less than adequate calf prices.

Because of last season's disastrous feeding experiences, there will be fewer feeders and probably fewer numbers of cattle fed out. This in turn suggests increased exports of our western calves to the U.S.A. at prices $2. below American levels. Heifer calf prices could sink to disastrous levels.

The steer-heifer spread in fed cattle prices has reached an alarming $10 to $11 - a margin that cannot be justified - nor can it be adequately explained!

With these uncertainties, it is difficult to predict retail beef price trends. Traditional high price cuts such as loins and ribs will continue high and could very well move up. However, we can expect a wide spread from these top cuts to cheaper cuts (front quarters) and ground beef. Hamburger, especially should be both plentiful and cheap, if only because of the larger number of cows still to come to market before the year end.

Canada's newly announced global quotas for cattle and beef should introduce some measure of stability - especially in the long term The feed lot industry cannot expect a positive upturn until domestic feed grain prices moderate and that can only come with increased supply both in Canada and world-wide. That date is at least a year or more away.

Don't forget, the global quotas and stabilization policies are both announced for one year only.

Busby C.Y.O. elects officers

By Audrey Whitson

Elections September 6 saw the election of fresh officers for 1974/75 and here they are: Jan Byer, chairman; Lois Brennels, assistant chairman; Mary Mensink, secretary-treasurer, Mary Ann Schuller - C.Y.O. Representative; Kevin Brennels, C.Y.O. Representative; Audrey Whitson, reporter; Debbie Poltorak, theme coordinator

A concert? This is it! We're on our way to show business: presenting a one-act comedy along with skits, and a barrel of melodies for all ages. Right now we are just in the early stages of production with a lot left to be done before our target date in December. Rusty vocal chords and stage fright seem to be very catching about now. But we're working on a cure -- practice, practice, practice!

Meanwhile, we're planning a little fun for ourselves An old fashioned hallowe'en party with everyone disguised and ready for an evening of mystery and delight. Most of what will be happening will be a surprise, since we've divided ourselves up into groups of four and each group is supposed to brew up a little entertainment. There's one guest per member, dancing, lunch and who knows -- maybe a few warty nosed witches thrown in for good measure. Strange things happen on hallowe'en

We'll be making the draw on the casette tape-recorder we've been raffling since summer, as part of our fun. So if anyone wants more tickets just contact any CYO member before Oct. 26.

Here we are, all ready for a fun fall; excited as hotcakes over our upcoming concert, and just plain looking forward to a good year all around. Our next meeting is at Schuller's on October 4. New members and parents are always welcome We'll see you there

Calahoo

By Liz McLeod

A miscellaneous shower was held in the Church basement at Calahoo on Wednesday, September 18 with 55 ladies present to honour Hector and Helen Quintal's youngest daughter, Gail.

Seated at the head table were the bride-to-be, her two bridesmaids, sister Linda Perrott and cousin Debra Ross, Helen Quintal and Dale's mother, Mrs. Simon MacMillan

Many lovely useful gifts were opened and admired by all present. An always delicious lunch followed with more visiting and fun

Gail graciously thanked all present for coming and Linda and Debra for making this evening possible.

She also hoped she's see them all on her wedding day.

Gail was honoured by two previous showers, one that Dale's family and one hosted by the girls from work.

BABIES IN THE NEWS

Rudy and Janet Brinsky of Calahoo are receiving congratulations on the birth of their wee daughter, Jean Victoria, weighing 6 lbs. 15 ozs. and born in Royal Alexandra Hospital on July 12.

Jean has three very proud grandparents in the persons of Mrs. Victoria Brinsky and Frank and Elsie Smather.

Leonard and Norma Williams of Entwistle are being congratulated on the birth of their son, Bradley, weighing 8 lbs. 10 ozs. and born in University Hospital on September 18. His very pleased grandparents are Mrs. Laura Boddez, Calahoo and Jim and Elsie Williams of Onoway, and Bradley is a brother for Sherry and Clinton.

Bh Marilyn Pelletier

The Central Sturgeon Agricultural Society is progressing with the artificial ice installation in the arena. The heated floor and sandfill is in, along with the insulation and polyethaline vapor barrier. The refrigeration lines and wire mesh have been installed as well as the sleeves for the various games.

The cement slab was scheduled to be poured on Sept. 27, and 28 days after this slab is poured the surface will be ready for artificial ice. Excavation has started for the new multi purpose building which will include four sheets of curling ice plus facilities for year round activities.

The refrigeration unit will supply artificial ice to both buildings. B. J. Graham Construction of St. Albert has been contracted to erect this multi-purpose building.

The Royal Bank and Credit Union are accepting your much needed donations for this very worthwhile community project.

Mr. and Mrs. Wayne Boddez are proud parents of twin girls, Tracy 6 lbs. and Treena 5 lbs. 10 ozs. Two sisters for big brother Trevor.

We are sorry to hear that Mr. Art Delby is sick and in the Sturgeon General Hospital. Hope to see you on your feet soon Art.

Mr. and Mrs. Dale Dancey and Mr. and Mrs. Jim Dancey were weekend guests of Mr. and Mrs. Delvin Dancey.

Mrs. Doreen Knorr and son Karson are both in St. Albert Hospital. Hope to see them both home soon.

Darren West, 13 year old son of Mr. and Mrs. George West was attacked by a big dog last Tuesday while on his daily paper route. He was rushed to St. Albert Hospital for a patch job.

It is a shame our children are not safe to walk anywhere these days. Morinville has a bylaw about dogs running loose. Your pet may love you and it is a wonderful pet. But the dog that attacked Darrin was also a wonderful pet.

While your dog is running loose and your children are out playing, think of what can and might happen.

Mr. and Mrs. L. Meyer spent three days in Kerrobert, Saskatchewan to attend the funeral of Mr. Meyer's uncle.

COMING EVENTS

There will be a Hockey Flea Market at the Arena on Saturday, October 5, 1974 starting at 1 to 3 p.m. at which a hockey equipment exchange sale will be held.

The Morinville Lions Club are holding a raffle. First prize consists of $100; second prize $50. The winning tickets will be drawn at the Harvest Fest, Nov. 2, 1974.

Blood Donor Clinic - Oct. 9th, 1974 at the Rec. Centre.

MD Sturgeon Regional Recreation are holding craft classes for students and adults from October 24 to December 5, from 7 to 10 p.m. at the Rec. Centre. $2 for students, $4 for adults. For preregistration or information contact Mrs. Granger 256-3405.

Christmas Crafts for children ages 6 to 10 - four Wednesdays of Nov. 6 - 27 from 6:30 to 8:30 p.m. at the Rec. Centre. Price $1 per child, under MD Regional Recreation. For preregistration phone Mrs. Granger at 256-3405.

Ruby Jean Ceramics. Molds only. Classes - October 23 and possibly October 21. Pre-registration - October 16 and 17 -- 10102 - 97 Avenue. Phone 256-3546 or 256-2373.

Walter Pasnak seeks election to Division 1 of MD

Walter Pasnak is a successful farmer in Division 1 of the Municipal District of Sturgeon. He has lived in this district and is presently farming five quarters of land. Walter and Cassie Pasnak have four sons; all living at home and helping with farming operations. John is a graduate mechanical engineer (U of C) and working with Dow Chemical, Kenneth is a graduate of U of A, majoring in Chartered Accountancy. Terry is apprenticing Welder and Gerald is first year in high school.

Walter has always taken an active interest in municipal affairs. He is a life member and past president and secretary of Unifarm, worked actively as M.S.I. secretary-treasurer. He has been on the Provisional Board to build the Gibbons Seed Cleaning Plant and then had been a director for nine years. At present he is a delegate of United Farmers of Alberta, also presently a member of several farm organizations.

An efficient successful farmer, Walter won the Edmonton Chamber of Commerce Trophy in Save the Soil Competition, and has taken a course in farm analysis.

A firm believer that leisure should be gainfully used, each of the Pasnak sons have been active in hockey.

What does Walter Pasnak stand for?

1. Provincial Government to bring in Legislation whereas all industrial assessment be shared, easing the burden on the ratepayers of our Municipality.

2. While he supports industrial development, he fully recognizes the importance of a healthful environment and will insist on adequate pollution controls.

WALTER PASNAK

3. Open door administration.

4. Getting more information to the ratepayers.

5. Holding the cost of administration, check municipal mill rate from last year compared to last year.

6. Better budget practice - start the budget earlier in the year.

7. Improve the roads.

8. Improve recreational facilities for children.

Mr. Pasnak is pledged to full co-operation with all governments at any level - Provincial, Federal and Civic such as Horse Hill, Lamoureux, Gibbons and Bon Accord.

Coronado Chronicle

A general meeting was held at Coronado Community Hall on September 22, to elect executives, and discuss plans for the well project.

Executives for community are: Sandra Petry, president; Walter Herbold, vice-president; Gerri Hughson, secretary; JoAnne Roe, treasurer; Annie Chipchar, facilities development chairman; Florence Briggs, representative to Church Board; Walter Herbold, representative to Recreation Board; Gail St. Nicolaas, membership committee chairman.

Courses being offered in Coronado Hall by Local instructors: 1. square dancing for beginners - Maxine Gordon; 2. upholstery - Vivian Onushko - V. Lasalle; 3. keep fit - A. Savage; 4. physical culture - A. Savage; 5. Christmas crafts and gifts V. Onushko - A. Chipchar; 6. copper enamelling - Vivian Onushko; 7. sewing - Doreen Minchau. A pottery course is being planned.

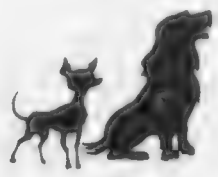
The Coronado Community wishes to express their deepest sympathy to Mr. and Mrs. Walter Chipchar and family, on the loss of their daughter Katherine. Funeral services held Thursday, September 26, 2 p.m. at Gibbons Anglican Church. Reverend Frank Lough officiating.

Election for a School Trustee in Division 2 of Sturgeon M.D. will be held in the Coronado Hall on Wednesday October 16.

Whether you have children in school or not, it is your responsibility to choose the candidate to represent you in school affairs for the next three years. Polls open from 10 a.m. to 8 p.m., and Reg Austin and Olga Bilecki are candidates.

Fedorah news

Don't forget to vote for a School Trustee on October 16. Polls will be open from 10 a.m. to 8 p.m. in the Fedorah Hall. Mr. Reg. Alstin and Mrs. Olga Bilecki are contesting the position.



Fitness is fun

Let us recognize or realize that there is a need to become and remain physically fit. Involve yourselves to do something about satisfying this need by taking action.

Starting Tuesday, October 8th at 8 p.m. for two hours. This session will run for ten weeks. It will be held in the Cunningham School Gym (south of arena) in Morinville.

Over the 10 week program we will cover many interesting areas such as physical fitness, yoga, aerobics, rhythmics, ball gymnastics, physical culture, activities using small equipment, games, sports, hiking and many more. Equipment required other than gym dress will be a blanket and towel, slippers.

For pre-registration or more information contact - Eva Coulombe 256-3625 (instructor). Registration fee: $4.00 for 10 weeks.

Trustee candidate sees Legal as a leader in bilingual education

Legal School District residents who will be voting on October 16, will have the opportunity of electing a professional educator to their Board of Trustees.

Paul Ledet, who is assistant principal at Grandin School in Edmonton, said that he decided to run for office after conversations with a number of Legal area residents led him to the conclusion that his views on education were shared by a good percentage of the population, and that these views should be represented on the new board.

Mr. Ledet, who serves on the Board of Directors of Legal Alfalfa Products Ltd., is an active member of the Knights of Columbus and the French Canadian Association of Alberta. He is the past president of the Edmonton Regional French Language Specialists Council, and also serves on a Department of Education Social Studies Curriculum Committee where he represents elementary Social Studies teachers from both the Catholic and Public systems in Edmonton. Mr. Ledet is the co-author of a Social Studies manual which is presently being used in city elementary bilingual schools.

"I believe that my training and my work as a teacher and assistant - principal in a large school system has given me a background which would be very valuable as a school trustee. I am aware of what is going on in education, and I can speak from experience rather than just from opinion."

In explaining what he stands for, Mr. Ledet said: "One thing which parents want, and to which I am committed is that the school be a place where children explore, discover and treasure the Christian way of life."

He also mentioned that he had been approached by a number of Anglophone parents who were interested in taking advantage of the amount of French spoken in the community to give their children the opportunity of becoming bilingual. "My work which is precisely in dealing with children from a variety of language backgrounds, has brought me to realize that the students in such a program can derive tremendous benefits. What is especially exciting is that the results of current educational research in the field of bilingual education from across the country are very encouraging. Many Anglophone parents are demanding this kind of education for their children, and I believe that Legal has the possibility of being a real leader in this field, and a model for other communities that have large ethnic populations.

Two other ideas for which Mr. Ledet stands are more effective use of school aides so that as he says "teachers can get on with teaching, the work for which they were trained and hired in the first place" and finally more open communications between parents and educators. "I am amazed by the number of people who tell me that they know very little about what goes on in their schools."

Mr Ledet studies for eight years under the Oblate Mis- [illegible] in Edmonton, and is a graduate of the University of Ottawa where he earned two degrees. He moved to a small farm north west of Legal from Edmonton one and a [illegible] and three [illegible].

PAUL LEDET

NAMAO NEWS

: Norma Crozier

The October meeting of [illegible] UCW will be held at the home of Mrs. Bud Crozier on Wednesday, October 9 at 1:30 p.m. Final plans will be made for the turkey supper which will be held in the Hub on October 26 from 5 p.m. to 8 p.m. Any interested ladies of the district are invited to attend the meeting.

Red Cross Blood Donor Clinic for Namao, Bon Accord areas will be held in the Hub at Namao on Tuesday, Nov. 12 from 6 p.m. to 9 p.m. Our volunteer workers are starting to canvass and will be conducting a financial campaign as well as asking for blood donations to assist the Red Cross in their vital work. Please be ready to receive them when they call.

Lee Crozier, oldest son of Mr. and Mrs. Hugh Crozier has gone to the Houston Aeros Training Camp in Houston Last season he played with the Edmonton Oilers farm team at Winston Salem. Brother Les is with the Edmonton Oil Kings. Good luck from the Namao district to both boys in their hockey careers.

The Namao 4H Buttons and Bows Clothing Club held their organizational meeting on Sept. 24 at the home of Mrs. Betty Samis. Sixteen members were present. The new executive is as follows: President, Janet Gibson; vice-pres. and County rep., Marianne Mickelson; secretary-Terry Unrau; treas., Lanny Robertson; club reporter - Betty Gibson. Mrs. Donna Craig is the club's new leader with Mrs. Norma Clark, Mrs. Doris [illegible], Terry Unrau and Debbie R[illegible]. Meeting will be held the fourth Tuesday of every month. The next meeting will be held at the home of [illegible] on October 22.

Reported by Betty Gibson.

Cyrus Gibson had a narrow escape last week while combining near the Star Key mine. The ground caved in under his tractor sinking it into a deep hole. Cyrus managed to climb out but suffered many bruises.

Mr. and Mrs. Donald McLay enjoyed a motor trip to the Okanagan and Drumheller area.

Mr. and Mrs. Howard Samis are home from holidaying at Chilliwack, B.C., and Pentieton

Mrs. Alma Paul, Mrs. Daisy Craig and Mrs. Isabel Crozier have returned from three week tour of Eastern Canada and the Maritime provinces. Flying from Edmonton to Toronto they toured by bus and boat from Toronto to Prince Edward Island. Highlights included a boat cruise of the Thousand Islands, and a scenic trip to the Cabot Trail in Nova Scotia. The beautiful colors of fall helped to make this a most enjoyable trip.

DANCING CLASSES

Anyone interested in tap dance or modern jazz Tuesdays after school, 6 to 18 years - phone Norma Clark at 799-3890

Robert Boisvert graduates

Robert Boisvert, son of Mr. and Mrs. Robert Boisvert, formerly of Legal, has graduated from the University of Calgary.

Upon completing his Diploma in Social Work from the Northern Alberta Institute of Technology, Robert moved to Calgary to undertake the Bachelor of Social Work Degree, which he successfully completed in [illegible]pril this past year.

Robert and his wife Gloria, a teacher, are currently living in Calgary as Robert is completing the requirements for a Alberta Teaching Certificate at the University of Calgary.

ROBERT BOISVERT

Given under my hand at Morinville this 19th day of September, 1974.

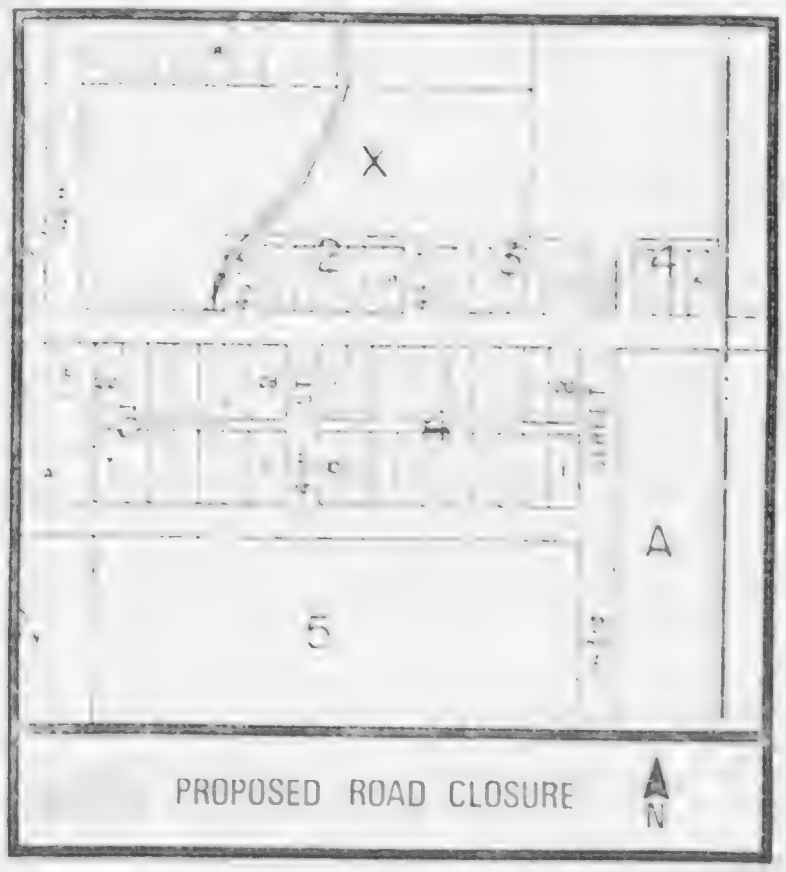
PAUL BROCHU,
RETURNING OFFICER

NOTICE OF PUBLIC HEARING

VILLAGE OF LEGAL

Pursuant to Section 175 of the Municipal Government Act, the Village of Legal intends to pass a Bylaw closing the following described public roadway for the purpose of disposing the land to the adjacent property owners:

(1) All that portion of 43rd Street that lies south of the southerly limit of the east - west lane, all in Blocks 3 and 4 as shown on Registered Plan 7710 U.



Any persons objecting or prejudically affected by the proposed Bylaw may make application to the Secretary-Treasurer to be heard by Council at a public meeting to be held FRIDAY, OCTOBER 25, 1974 at 2:00 P.M. IN THE MUNICIPAL OFFICE.

AGNES MONTPETIT,
SECRETARY-TREASURER,
VILLAGE OF LEGAL.

Vimy News

By Darlene Provencal

Jack and Jeanette Burns motored to Hines Creek to spend a week with their son Louis and family. They then proceeded to Prince George where they spent another week visiting with older son Bill and his family. The trip concluded by way of Jasper. Jack reports it was a wonderful holiday.

Mrs. Hassler and son Ed, from Oregon, U.S.A., spent several days with her sister, Mrs. Mary Kramps, at the home of Mr. and Mrs. Gabriel Caouette. They will be spending a few weeks visiting in the area.

Speedy recovery is extended to Mrs. Barb Henderson who is now home after an operation. Also, to Mr. Alberic Landry who underwent an operation last week.

Playschool will be starting once again this year on October 22-23, and will run till Dec. 18 - 20. It will be two days a week from 1 p.m. to 3 p.m. Anyone with youngsters four or five years old are asked to send them. For more details contact Mrs. Rachel Despins at 598-2117.

Roy and Merle Cunningham recently purchased a house in Vimy and were just settling in when things halted for the arrival of their son, David, 8 lbs. 11 ozs., born on Sept. 20. A little brother for Annette. Congratulations and Best Wishes.

Mr. and Mrs. Wilfred Provencal had the misfortune of a small fire in their home last week. Smoke damage was quite extensive.

Bob Burns spent two weeks holidays at home with his family. He job keeps him busy out of town during the week.

Monica Bernard, 6, Lorelei Anderson, 5, and Sherri-Lynn Provencal, six, are taking advantage of the Terpsichorean dance classes at Westlock. They attend dance lessons every week to learn tap, ballet and jazz.

Mr. and Mrs. Jim Lang of Lethbridge, formerly the foreman of O.K. Construction of Vimy, were visiting in the district.

Construction being completed, Leo and Darlene Provencal and family have recently moved into their new home.

The Vimy Community League are holding their annual Cabaret on October 25 at 8:30 p.m. Music by the "Vibrations." Tickets are now available from any board member or you can phone 598-2142 or 598-2182. Join your friends and come in for a good time.

Congratulations to Mr. Wilfrid Provencal upon his promotion. He is now manager of Field's in Westock.

The Vimy Student's Union held their annual initiation day on Sept. 20. A Kangaroo Court followed by a dance was held in the gym during the evening.

Mr. Edmond Sabourin is driving around in fine style these days with his new LTD Ford car.

Mr. and Mrs. George Selfridge from Vernon, B.C., were recent guests of Mr. and Mrs. Sam Schmode last week.

Get well wishes are being sent to Laurier Fortier who is now home after an operation, and to Mrs. Simonne Provencal who was hospitalized this week.

If anyone has any news to report, please contact Darlene Provencal at 598-2142.

Vimy Needles elect officers

By Brenda Altmiks

The reorganization meeting of the Vimy Needles 4H Club was held on Sept. 11 in the Community Hall. Twenty-six members were registered. Sewing and soft leathercraft are being offered to members this year.

Mrs. Esther Brown, the club leader, explained the goals of the 4H members and the projects to be undertaken.

The slate of officers for the current year were elected as follows: President - Lucille de Champlain; 1st vice-president - Jocelyne de Champlain; 2nd vice-president - Nicole Coursaux; secretary - Vivian Maurier; treasurer - Michel Coursaux; club reporters - Brena Altmiks, Edwin Bernard; club librarian - Maryse Coursaux. All the other members have various duties on other committees.

The next meeting of our club will be held on October 5th at 1:30 p.m. in the Vimy Community Hall.

Around Sturgeon

Two Municipal Election Forums are being sponsored for the four divisions of MD Sturgeon where elections are being held. (Councillors Kluthe, Jerram and Van de Walle were returned by acclamation and Councillor Courchesne did not seek re-election).

On October 8 council candidates for Divisions one and two will appear at a public forum in Namao School and on October 10 those contesting Division three and four will appear at Villeneuve Hall. Both meetings begin at 8 p.m.

The Sturgeon Ratepayers Association are sponsoring both public forums and all residents of the district are invited to attend. Walter Pasnak, Hubert Lamoureux and Jack Thorpe are seeking office in Division one. Incumbent Clay Crozier, and Doreen Miller are candidates in Division two. Reeve Bill Flynn and Larry Bozlak are running in Division three, and in Division four incumbent Glen Berry and Stan Walker are contestants.

Your Shell Agent's guide to a better fall and winter

Your Shell Agent has the products you need to make your farm run smoother this winter. And he'll save you time, trouble and gas by delivering these products to you. Plan now and let him help you...

Look after your vehicles

in sub-zero temperatures with premium quality lubricants like Rotella T* Multigrade Oil. You can use it (all year long) for light an heavy duty use in gasoline and most diesel engines. Your Shell Agent can also supply yo with a complete range of quality Automotive-Tractor Accessories.

Better winter tip: You'll be surprised at your fuel savings when you keep your engines wel tuned. And use lubricants recommended for cold weather operation.

Get better performance and mileage

with Shell's wide range of premium fuels specially formulated to get the best performance out of your engines.

Better-winter tip: The colder an engine, the more fuel it needs to warm-up. Keep your vehicles in a sheltered area and cover radiators for quicker starts.

Improve snowmobile and chainsaw performance

with Shell Super Snowmobile Oil. It's formulated with a "Quick Mixing" component giving you easy fuel/oil mixing even in sub-zero temperatures.

Better winter tip: When you stop for a rest on your snowmobile, turn off your engine! An idling engine wastes fuel and fouls up plugs.

Warm up your home

with Shell heating oil. It's efficient, economical and comfortable.

Better winter tip: It pays to double check all doors, walls and windows in your house and barns. Proper weather stripping and insulation will bring you substantial savings on your heating bills

For a smoother-running farm this winter, put your Shell Agent to work now. Call:
